ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1911.

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual Report of the Soldiers' Orphan Schools Commission having charge of the schools authorized and established by the laws of the Commonwealth.

This closes the forty-seventh year of the existence of these schools, and the twenty second year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of

Assembly approved May 25th, 1889, and its supplements.

During the past year the work of educating the wards of the State and preparing them to be good citizens, ready when discharged from the schools to be self-sustaining, has gone steadily forward. All the graduates now pass through the Industrial School, where their hands as well as their brains are trained for future usefulness; and it is the expectation of your Commission that within a year of this date all the pupils of the Soldiers' Orphan Schools will be assembled at the Soldiers' Orphans' Industrial School at Scotland, Pa., where provision will be made for them out of the appropriation for the two years beginning June 1st, 1911.

There are six hundred and thirty-three pupils now in the two schools, and in the following detailed report appears their names,

date of birth, name of father, record of his service, etc.

The schools have maintained their excellent condition during the past year and never were in better shape to produce good results than at the present time. The Superintendents of the two schools, Dr. M. B. Hughes at Chester Springs and William H. Stewart at the Industrial, are devoted to the work under their charge, and their account of the work which appears in detail in this Annual Report, shows the most gratifying results.

The expense attending the running of the schools is fully set forth in the Financial Report appended herewith, and we have used the greatest economy consistent with producing the best results in all

the departments.

The moral, educational and industrial training given to the children of these schools is fully up to the standard fixed by the most advanced educational and training thought of the land, and fills in full measure the requirements of the laws of Pennsylvania. The excellent sanitary condition of the buildings and property in charge

of the Commission is established by the significant fact that the death rate was so small where there are so many children. This condition is due to the efficiency of the physicians in charge, coupled with the unremitting oversight and watchful care of the Superintendents and employes of the schools. Physical and military training are important factors in the formation of regular habits, and these two ele-

ments are required at both schools. We would especially direct your attention to the fact that during the years that have passed since the organization of the Soldiers' Orphan Schools, nearly twenty thousand young men and women have received a thoroughly practical education in the several schools in charge of the Commission, have gone out to perform their part in the world's work, assuming, many of them, high and important positions in this and other States. The school has furnished experts from the different industrial departments at the Scotland School, such as machinists, draftsmen, telegraphers, stenographers and typewriters, etc., and many of the graduates of these schools are now filling high and honorable positions in the land, some of them being Judges of our Courts, Ministers of the Gospel, Presidents of manufacturing concerns and employes of many of the vast and great manufacturing enterprises of the State and Country. They have gone out into the world to perform their part in its work, and have assumed the problem of life with educated minds, trained hands and sound bodies, and to-day are valuable factors in the body politic in every part of our State, induencing its laws, its customs, its professions and every branch of its mechanical and industrial pursuits. Of this vast number, less than one per cent, has failed to profit by the bounty of the State, and the training received from the constant precept and practice while in these preparatory schools.

The high character and efficiency of the Superinendents and their corps of assistants is highly commended by the Commission for the great work they have accomplished, and in conclusion, the Soldiers' Orphan Schools Commission earnestly invites every member of the General Assembly, every Grand Army man, the press and clergy, as well as every citizen of the State at large, to visit these schools and see the magnificent work and the splendid results achieved by them.

The schools are always open and ready for inspection.

We herewith submit tabulated statements of all matters in any manner connected with the schools, together with itemized accounts of all moneys received and expended. Respectfully submitted by order of the Commission.

L. G. McCAULEY, Vice-President.

JAMES F. MORRISON, Secretary.

REPORTS OF SUPERINTENDENTS.

CHESTER SPRINGS S. O. SCHOOL.

Chester Springs, Pa., June 30th, 1911.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit the Twenty-first Annual

Report of the Chester Springs Soldiers' Orphan School.

On the occasion of our last report, June 30th, 1910, there were on our roll the names of 193 boys and 130 girls, a total of 323 pupils. During the year ending June 30th, 1911, there were admitted 54 pupils, making a total on the roll during the year of 377. During the same period there were discharged by transfer to the Soldiers' Orphan Industrial School at Scotland, Pa., 116, and by order 6, making a total loss of 122 pupils, leaving on our roll June 30th, 1911, 157 boys and 98 girls, a total of 255.

Thanks to an All Wise Providence, no contagious disease nor epidemic has visited our school during the entire year. We have had no serious illness, and when the statement is made that a school, with more than 375 children ranging in age from two years to fourteen, the time when children are subject to all the diseases incident to childhood, an entire year has passed with the above record, it must impress every one who reads this report, with the fact that a most vigilant care has been observed in regard to regularity, sanitation and diet in order to accomplish this result.

As usual all our holiday seasons were appropriately observed. The usual Sabbath services, Sunday School and preaching by the

neighboring pastors, have been kept up during the year.

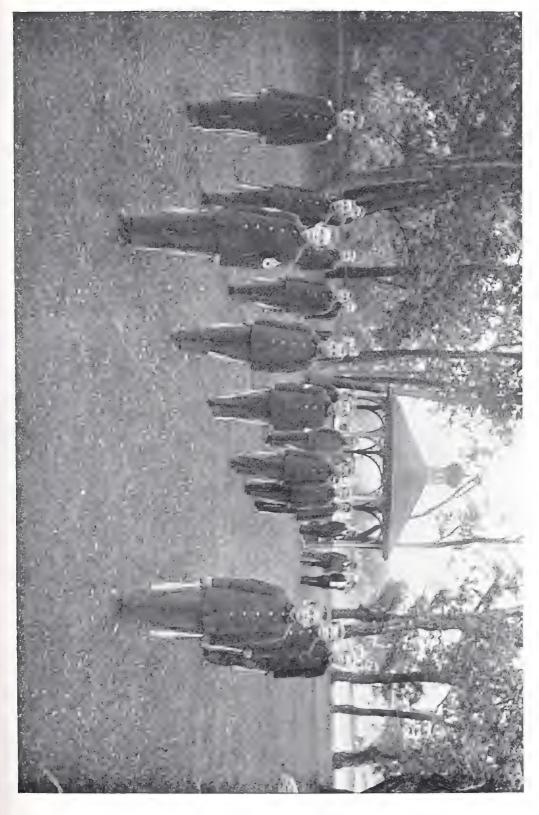

Memorial Day was observed by the usual memorial services at Vincent Cemetery, where the graves of the Veterans and those of our own pupils who lie sleeping there were decorated with the beautiful flowers of springtime and a very interesting patriotic address

delivered by the Hon. B. F. Hughes, of Philadelphia.

Our annual commencement exercises were witnessed by a large number of citizens of the neighborhood, by Hon. Levi G. McCauley and Col. James F. Morrison on the part of the Soldiers' Orphan Commission, by the Committee on Soldiers Orphan Schools of Genl. Geo. A. McCall Post, No. 31, G. A. R., of West Chester, Pa., accompanied by their wives, and a number of the comrades of the Post also accompanied by their wives.

As an evidence that the work done in every department of the school during the year has been as fruitful of success as that on any previous year, I desire to submit the report of the Committee of Genl. Geo. A. McCall Post, unanimously adopted by the Post, which I trust

may be printed as a part of this report.

I shall not be personal in referring to the employes. Whatever success has been attained is due to the united efforts of all.

In closing this report, I desire again to thank the members of the Soldiers' Orphan Commission for uniform courtesy and kindness during the year, and to attest once more their interest in making the children of their late comrades comfortable and happy, having refused nothing asked for, which would in any way add to their welfare. Hon, L. G. McCauley, Vice-President of the Commission, has visited us several times during the year with the view of having a personal knowledge of the management and needs of the school, and has been most helpful with advice and suggestions.

I am, very respectfully and sincerely yours,

Dr. M. B. HUGHES, Superintendent.

Headquarters Gen. Geo. A. McCall Post, No. 31 Dept. of Penna., G. A. R.,

West Chester, Pa., June 23rd, 1911.

At a stated meeting of this Post, held this day, the following report was presented and read:

"We, the undersigned, members of this Post's Standing Committee on Soldiers' Orphan Schools, having in our official capacity, attended the Annual Commencement Exercises of the Soldiers' Orphan School at Chester Springs, Chester County, Penna., held on Tuesday, the 20th instant, do respectfully report:

"That in company with several other persons, citizens of this Borough, we were conveyed to Chester Springs in carriages. We started at about eight o'clock Λ . M. The weather was most favorable, and the roads in excellent condition, and the trip was altogether en-

joyable.

No. 15.

"We reached the school at about ten-o'clock A. M. The pupils were in line and welcomed us with a "Salute," and with music rendered by the Boys' Band connected with the School.

"The healthy and neat appearance of the pupils impressed all visitors, and, added to that, was the very evident interest exhibited

by the children in all that related to the occasion.

"Various drills and military evolutions followed, all of which were performed with great precision, giving evidence of the efficiency of the training they had received from Dr. M. B. Hughes, Superintendent, and other instructors, a feature that was peculiarly gratifying to us, inasmuch as our Comrade, Major Beekman, has an important part therein, as the Military Instructor of the School.

"At the noon hour a generous dinner was furnished alike to pupils, teachers and guests, and there, in the commodious, well-lighted, well-ventilated, well-equipped and well-managed Dining Room, we had another opportunity for observing and studying the bright and happy faces of the pupils, and the marked decorum that was at all times

conspicuous.

"During the afternoon there were additional drills, notably a 'Fire Drill,' which served to show the promptness and reliability the boys can be depended upon to exhibit in emergencies.

"Your Committee remained throughout the afternoon, and partook of the evening meal, and then returned to West Chester, where we

arrived at about eight o'clock P. M.

"We desire to make our report as brief as possible, and hence have avoided unnecessary detail, but we feel that we would omit an important feature if we failed to describe the condition of the school grounds and buildings. They are in excellent order, showing vigilant care on the part of those who are in charge. The sanitary conditions of the place are excellent, and the health of the inmates may be appropriately described as phenomenally good. And above all, we desire to testify to the evidence furnished of the loyalty of the pupils to the work engaged in, and to those who are prominent in that work. They evince a high appreciation of what is being done for them in advancing them to honorable and useful citizenship. They show marked attachment to and respect for Dr. Hughes, and are happy, hopeful and healthful.

"The occasion, moreover, served to demonstrate the high regard entertained by the community of the school, and the work it has

done and is doing.

"Respectfully submitted in F. C. & L.,

"(Signed)

T. B. AITKEN,
"WM. S. WALTON,
"EDWARD A. HODGSON,
"PASSMORE W. HOOPES,

Upon the reading of the above report to the Post, the same was unanimously adopted.

Respectfully submitted,

S. G. WILLAUER, Commander.

SOLDIERS' ORPHANS' INDUSTRIAL SCHOOL.

Scotland, Pa., June 30, 1911.

Commission of Soldiers' Orphans' Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit herewith the sixteenth

annual report of the Soldiers' Orphans' Industrial School.

At the closing of the school term, June 30th, 1910, there were some improvements not finished that were started during the previous year. The most important being the removal of the last two boilers in the power plant, and installing the two new ones to complete the plant with four new and improved boilers of the Horizontal Tubular Type, 66 inches in diameter by 18 feet long, to stand a safe working pressure of 125 pounds per square inch. In due time this work was completed and inspected by the Hartford Boiler Inspection and Insurance Co., in which company the boilers are insured, and found to be fully up to the standard and in accordance with the specifications.

Another improvement in the boiler room made during the year was the walling off of the coal room from the boiler room, and also building a pump room, this reduced the dust in the Boiler, Engine and Pump Room to a minimum when unloading coal, making it more pleasant for the Engineer and pupils in that department, and protecting the machinery, which was very necessary, as it is of the greatest importance in prolonging the life of machinery to keep it free from dust and dirt. Another improvement in the power plant was the installing a new and up-to-date Storage Hot Water Heater, 300-gallon capacity, suitable for a consumption of 6000 gallons per hour.

Another important improvement made in the past year was the changing the method of pumping water for the school from steam

to electric driven pumps.

Formerly the pumping plant consisted of two steam boilers and two steam pumps. These were left just as they were and can be used in case of any trouble with the new electric motor or pump. The new outfit consists of a Goulds triplex outside packed plunger pump. Plungers 8 inches by 10 inches stroke driven by a 25 horse power Westinghouse direct current motor. Current for the same is furnished from the main power plant. In connection with this change the method of lighting the drives, pump house, farm house and barn was also changed, all of the old unsightly poles and overhead wires across the lawn were removed. The wires for all purposes herein named were placed underground, run in conduits, bedded in concrete, according to the system followed on all work of this kind by the United States Government. Neat iron poles were placed where a light was required along the drives, and all the old wood poles removed and not before it was necessary, as we found when we came to remove them, many were found so rotten at the base that a moderate wind was liable to blow them over, and run the risk

or injuring any person who might happen to be in the way. All the changes and improvements herein noted have been completed and

working very satisfactory.

During the vacation period of 1910 the pupils who did not go away on vacation were provided with suitable amusement from time to time, notably on the evening of July 4th, we had a fine display of fireworks on the lawn, which was not only enjoyed by the pupils, but by many persons in this locality. A picnic at Mont Alto Park, August 9th, is also one of the very pleasant recollections of 1910 vacation. A special train was provided; they left the school in the morning at 8 o'clock, and returning left the park at 7 o'clock in the evening, giving them a good day's outing and pleasure. Every person at the school who had attended the former vacation outings or picnics agree that this was the most pleasant they ever attended.

There were several changes in the list of employes at the opening of the school, September 1, 1910. Mr. John H. Pomeroy, who had been the head of the printing department from the time it was started, resigned to engage in other business. Mr. E. V. Fry, of Chambersburg, was appointed in his place. Miss Ruth Etter, Tailoress, resigned, and Miss Lou Dornor was selected for the place. All of the new appointees have been entirely satisfactory in every way. Miss Anna Morton, School and Music Teacher, also resigned, September 1st, and in the early part of October was married to Col. W. C. Bambrick, the Assistant Superintendent and Principal. Mr. Calvin L. Wagoner was appointed to take her place as a teacher, but Mrs. Bambrick continued as instructor of music until the end of the school year. Mr. Wagoner proved himself a valuable addition to the faculty.

The annual commencement exercises held June 22nd and 23rd were attended by a large number of visitors, including a majority of the Commission, Department Commander N. P. Kinsley and members of the G. A. R. from not only this locality, but from other sections of the State. Mrs. John B. Evans, of Carbondale, while attending the commencement, favored us by singing patriotic songs from time to

time during the exercises.

The graduating exercises, held in the morning of the 23rd in the Auditorium, was an impressive ceremony, and will no doubt be long remembered by not only the pupils in the graduating class, but by

every person fortunate enough to be present.

Forty-one graduates were presented with diplomas by the Hon. W. Rush Gillan, President Judge of Franklin County, who in a short address gave them some good, wholesome advice for their future guidance when called upon to take up the battles of life. One of the pleasant surprises during the exercises was the presentation of two silver medals and five books by Mr. W. J. Dooner, of Philadelphia, to pupils making the most satisfactory progress during the school year.

The exercises closed on Sunday, June 25th, by the preaching of the baccalaureate sermon by Rev. J. E. B. Rice, the Chaplain of the

school.

The system of instruction in the Industrial Departments has been continued along the same lines as in the past, and the work accomplished in the past year has been fully up to the standard.

While it was not on exhibition in either the wood or machine department during commencement, the article most admired by every person was the large hall clock, the product of both these departments, on exhibition in the parlor. The case was made in the wood department and the works in the machine department. This clock is by far the finest piece of work ever made in this school, but it does not say that it was all that was done in the past year, as aside from the clock the balance of the work on exhibition in both these departments was fully up to the standard of previous years.

In the printing department the school News was issued as usual every second and fourth Thursday of each month for the entire year, in addition to the necessary printing for not only this school, but

Chester Springs School as well.

Work in the Mending, Shoe Repairing and Laundry Departments in the past year has been satisfactory in every way.

The assignment of pupils to the various departments has been the same as on previous years. Each spending half day in school and

half day in the industry to which they were assigned.

While the health in general of the pupils has been very good during the past year, yet I regret to report two deaths. Nellie Robinson, after returning from vacation, it was found after careful examination, had contracted tuberculosis. Principally through the efforts of Hon. Thad M. Mahon she was admitted to the Mont Alto Sanitorium, November 29th, 1910, but the trouble seemed to have gone too far and she died in April, 1911.

Henry Adams was admitted to the School Hospital, December 22, 1910. After careful treatment for some time he gradually grew worse. Dr. John T. Culp, of Harrisburg, was called in consultation and after a very careful examination the case was pronounced spinal meningitis, and an operation recommended as the only chance of

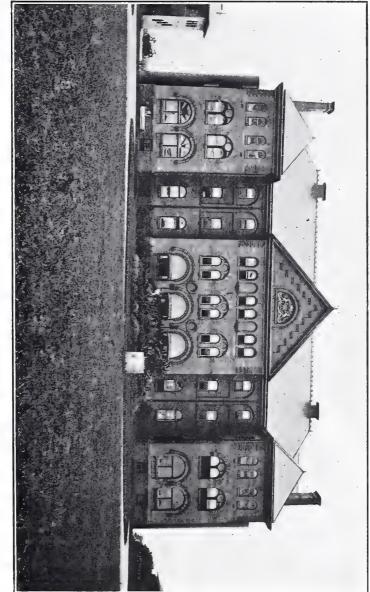

saving his life.

He was immediately taken to the Harrisburg Hospital and operated on by Dr. Culp, but he died the next day, January 19, 1911.

See detailed reports of the School and Military departments and the Band and Orchestra, by the persons directly in charge. In conclusion permit me to thank the members of the Commission for many courtesies, and the employes for their faithful performance of duty at all times.

Very respectfully,

WM. H. STEWART, Superintendent.

Main Building S. O. Industrial School.

Mr. Wm. H. Stewart, Supt. Soldiers' Orphan Industrial School, Scotland, Pa.:

Dear Sir: I herewith submit the sixteenth annual report of the

Educational, Military and Commercial Departments.

The policy of previous years, to give frequent examinations and tests, has been continued and every possible inducement given pupils to advance. Special classes were organized for backward pupils and an effort made to give them the training they could take to advantage. Classes for pupils who have advanced beyond the stated curriculum have been maintained throughout the school year. The success of these classes can best be noted by referring to the uniform high standing our pupils take on entering more advanced schools.

Pupils recently graduated from this institution are doing good

work in the better schools of this and other States.

While the hours devoted to Industrial training necessarily shorten the hours devoted to class room work the same curriculum is maintained, and same advancement is made that is required where pupils devote full time to books. This is rendered possible by almost perfect attendance, promptness, obedience, and study periods under care of the teachers. Each higher grade pupil has been required to teach classes in lower grade work under direct supervision of the principal.

Neatness and accuracy in all written work has been diligently sought. The commendation of experienced teachers, who examined the annual display, leads us to believe that a high degree of excellence has been attained.

The work of the Curtin Literary Society has been highly beneficial and the last public program was probably the best ever given by the Society since its organization.

Thanksgiving, Christmas, New Year's, Lincoln's Birthday, Washington's Birthday, Easter and Memorial Day were fittingly celebrated. Special vocal and band music was prepared for each occasion.

Daily chapel exercises and weekly Sabbath School classes were maintained as usual and the Girl's Christian Endeavor Society did good work. Rev. J. E. B. Rice, of Scotland, preached in the school Auditorium on each alternate Sabbath afternoon.

A class of forty-one was graduated on June 23rd and the honor pupils delivered their orations before a large and intelligent audience. The other members of the class prepared and gave their orations before the pupils and faculty previous to commencement time.

Hon. W. Rush Gillan, present Judge of Franklin County, in an eloquent and masterful address, presented the diplomas to the class of 1911.

Commercial Department.

The classes in stenography, typewriting and telegraphy were given thorough training along their respective lines. Many of the more proficient being given actual practice in doing clerical work in the offices of the Superintendent and Principal.

Pupils completing the prescribed work in this department and showing No. 1 efficiency have been uniformally successful in securing employment in honest competition with more highly favored boys and girls.

Military and Physical Culture Department.

The Military organization for the past year has been a three company battalion. All the boys have been required to take part in the infantry drills and ceremonies, unless physically disqualified. The officers and non-com, officers are given instruction and responsibilities to correspond with their rank. Both boys and girls are given carefully selected exercises, for the symmetrical development of their bodies and preservation of their health. The drills have been short, frequent and varied.

On special occasions, many exhibition drills have been given during the year, but training and development is the primary purpose and aim, of all the exercises.

Outdoor sports have been encouraged and taught by competent instructors. The tennis, skating, swimming, football, baseball, croquet and many other games have been indulged in generally and with profit and pleasure to the entire student body.

As a rule the children have been obedient, studious and industrious. The continued support and counsel of superiors, together with hearty co-operation of subordinates, has borne good fruit in the satisfactory results attained.

Respectfully yours,

W. C. BAMBRICK, Asst. Supt. and Principal.

BAND AND ORCHESTRA.

Scotland, Pa., June 30, 1911.

Mr. Wm. H. Stewart, Supt. S. O. I. S., Scotland, Pa.:

My Dear Sir: I have the honor to submit a report of the Band

and Orchestra for the year that has just closed.

Our Band numbers forty-five pieces; of this number, six were new We had two rehearsals daily, five days in the week, we furnished music for all drills and dress parades during the school term, and gave a number of concerts at school during the winter. Our Band filled a number of engagements away from the school, as follows: National encampment G. A. R., at Altantic City, N. J., September 19-23, where we furnished music for receptions, campfires and we had the honor to lead the great Department of Pennsylvania parade. On our way to the shore we stopped over in Philadelphia for several hours, we serenaded at City Hall, where many G. A. R. men are employed. We serenaded the Philadelphia Inquirer and posed for a picture. Among other things the Inquirer said was. "during the serenade it was demonstrated that the band was one of the finest musical organizations of its kind in the country." After a complimentary dinner furnished by W. J. Dooner, at Dooner's Hotel, we left for Atlantic City. The following from the Atlantic Review and Atlantic City Union:

"The boys' band led the Morris Guards from their armory to the Steel Pier for the reception given to the National Commander. They won many plaudits on the line of March and great applause at the reception." Atlantic City Union says, "Boys' Band is big feature. They play music of which many of the most lauded musical organiza

tions in the country might well be proud."

September 27, at Gettysburg, dedication of the handsome monument to the Pennsylvania soldiers who fought at Gettysburg, July 1, 2 and 3, 1863. October 18th, parade and unveiling of cannon at Carlisle, Pa. January 17th, we took part in the Inaugural parade of Governor John K. Tener, at Harrisburg. May day exercises Wilson College, May 20. At Pleasant Hall, May 27th, unveiling of the John Kremer monument. On Memorial Day, May 30th, I divided the band into two details for the day, furnishing music in the following cemeteries, two at Greenvillage, Mountain Green, White Church, Brindles', Whitiner's and Scotland.

I received the folowing for the Band: One new bass drum, one new Eb tuba, one new Bb baritone, and fifty music pouches with belts. The music played by the band was by the best authors. The Orchestra numbered 12 pieces. Band and Orchestra had many invitations they could not accept on account of school duties. The deportment of the boys was good. In conclusion I want to thank you

and the commission and all interested for many courtesies.

Most respectfully,

CHARLES E. MENTZER, Insctructor Band and Orchestra.

IN MEMORIAM GENERAL J. P. S. GOBIN.

On the first day of May, 1910, General John Peter Shindel Gobin died at his home in Lebanon, Pa.

He served faithfully on the Soldiers' Orphan School Commission from 1890 to 1898, and again from 1907 to 1910; and gave his best services to the schools.

His large and varied experience in two wars, and his lifetime membership in the National Guard of Pennsylvania, naturally stirred in him a very great interest in the welfare of the children of his late comrades; while his experience in the civil affairs of his State, put him in a position of great usefulness to the Commission, and he was at all times ready to give of his time and his talents to promote the welfare of the orphans under his charge.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1912

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual Report of the Soldiers' Orphan Schools Commission having charge of the schools authorized and established by the laws of the Commonwealth.

This closes the forty-eighth year of the existence of these schools and the twenty-third year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of Assem-

bly, approved May 25th, 1889, and its supplements.

During the past year the work of educating the wards of the State and preparing them to be good citizens, ready when discharged from the schools to be self-sustaining, has gone steadily forward. All the graduates now pass through the Industrial School, where their hands as well as their brains are trained for future usefulness, and all arrangements are now completed for transferring the pupils now in the Chester Springs School, to the Soldiers' Orphan Industrial School at Scotland, Pa.; after the summer vacation the pupils will all be in the Industrial School, and the Chester Springs School will be finally closed on or about June 30th of this year.

There are five hundred and fifty-five pupils now in the two schools, and in the following detailed report appear their names, dates of

birth, names of fathers, record of their services, etc.

The schools have maintained their excellent condition during the past year, and were never in better condition to produce good results. It is expected that when the children are all at the Industrial School, under one superintendent and one principal, the pupils will advance more thoroughly, than when under different superintendents in different schools. The superintendents of the two schools, Dr. M. B. Hughes, at Chester Springs, and William H. Stewart, at the Industrial School, have devoted their best energies in promoting the welfare of the pupils under their charge.

The expense attending the running of the schools is fully set forth in the Financial Report appended herewith, and we have used the greatest economy consistent with producing the best results in all

the departments.

The moral, educational and industrial training given to the children of these schools is fully up to the standard fixed by the most advanced educational and training thought of the land, and will be carried forward as formerly in the Industrial School under the leadership of William C. Bambrick, the principal, who in the past years has shown his fitness for that position. The excellent sanitary condition of the buildings and property in charge of the Commission is established by the significant fact that the death rate was so small where there are so many children; this condition is due largely to the efficiency of the physicians in charge, coupled with the unremitting oversight and watchful care of the superintendents and employes of the schools. Physical and military training are important factors in the formation of regular habits, and these two elements are required in both schools.

In order to accommodate the increased population at the Industrial School, owing to the approaching transfer of pupils from the Chester Springs School, your Commission has completed an additional dormitory for the small children who will go to Scotland in August, and it is believed that the accommodations for the children at this school are equally as good, if not better, than those afforded at most of the

educational institutions in the country.

We regret to report the death of William J. George, on the 24th day of September, 1911, at his home in Harrisburg, Pa. He served faithfully as Chief Clerk to the Soldiers' Orphan School Commission from July 12th, 1904 to the time of his death, giving his best services the carrying on of the work of the Commission, and it was with reat sorrow that the members of the Commission learned of his desise.

We are continually in receipt of information regarding those who ive graduated from the orphan schools, and they show the most ratifying results; and we are convinced that the State has never done ny more commendable work in the bettering of its citizens, than in uring for and educating the twenty thousand young men and women, ons and daughters of our gallant soldiers and sailors, who have gone ut from these schools after having received a thoroughly practical education, and who are now performing their part in the world's work, assuming, many of them, high and important position in this and other States. The school has furnished experts from the industrial and educational departments at the Scotland School such as machinists, draftsmen, telegraphers, stenographers and typewriters, atc., and many of the graduates of these schools are now filling high and honorable positions in the land, some of them being judges of our courts, ministers of the Gospel, presidents of manufacturing concerns and employes of many of the vast and great manufacturing enterprises of the State and country.

The high character and efficiency of the Superintendents and their corps of assistants is highly commended by the Commission for the great work accomplished, and in conclusion the Soldiers' Orphan Schools Commission earnestly invites every member of the General Assembly, every Grand Army man, the Press and Clergy, as well as every citizen of the State at large, to visit these schools and see the magnificant work and splendid results achieved by them. The Chester Springs School will be open until June 24th, and the Industrial

School is always open and ready for inspection.

We herewith submit tabulated statements of all matters in any manner connected with the schools, together with itemized accounts of all moneys received and expended. Respectfully submitted by order of the Commission:

L. G. McCAULEY, Vice President.

JAMES F. MORRISON, Secretary.

REPORTS OF SUPERINTENDENTS

CHESTER SPRINGS S. O. SCHOOL.

Chester Springs, Pa., June 30th, 1912.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.:

Gentlemen: It is with feeling of unfeigned sorrow that I herewith submit to you the 22nd and final annual report of the Chester Springs Soldiers' Orphan School. The thought that the children with whom we have been so closely associated for so long, have gone out from among us, and we shall not again hear their merry voices nor look again into their smiling faces, and the fact, that the Chester Springs Soldiers' Orphan School is closed never again to be opened as a soldiers' orphan school, fills our heart with sadness.

The only ray of brightness to illume the sadness and gloom of final separation, comes from the thought, that, in unison with the efforts of those who have so faithfully labored with me in the endeavor to train the minds and hearts of the children committed to our care, we may have sown some seeds of truth, henor, loyalty to country and its flag and a love for God and their fellowmen, which, having fallen into minds and hearts prepared for it, will spring up and bring forth fruit in the after lives of the men and women who were our pupils as children, which will make them a blessing and an honor to the Commonwealth which so gratefully cared for them, and to the communities in which their lives may be cast. May God's richest blessing attend them ever is our earnest prayer.

There were on the roll June 30th, 1911, 157 boys and 98 girls, 255 pupils. There were added during the year which really closed June 24th, 1912, 32 boys and 20 girls, a total of 52, making a total on the roll during the year of 307 pupils. There were discharged during that time by transfer to the Soldiers' Orphan Industrial School at Scotland, Pa., 189 boys and 116 girls, a total of 305 and on order 2 girls, one of whom, Anna Sunday of State College, Pa., was adopted by Mr. and Mrs. U. B. Low, of Orangeville, Pa., and the other was

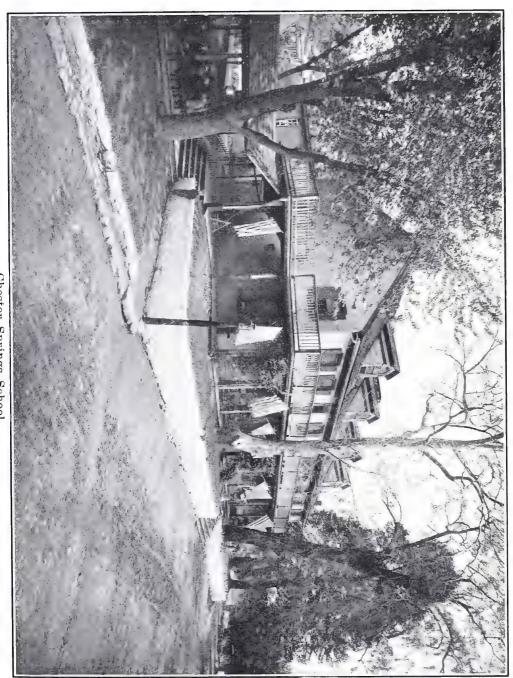

given to her mother (Laura Eliz. Harris).

No event of special importance occurred during the year. No diseases other than those incident to childhood visited our school during the year, thanks to that Divine Providence who watches over and guards His children, and Who when upon earth, "took little children in His arms and blessed them."

The usual Sabhath services were held during the year, Sabbath

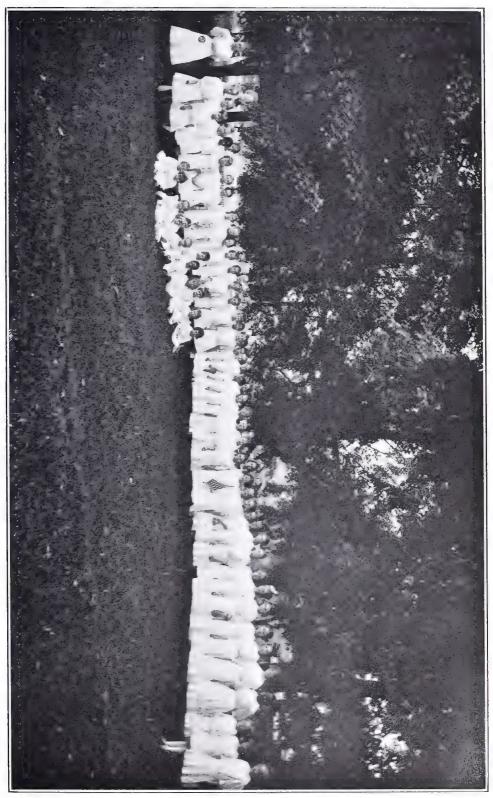

school followed by preaching service every Sabbath.

All the holidays were duly observed in the usual manner. Chist-mas as always was a most joyous day, not only on account of the

Chester Springs School.

Girls of the Chester Springs School.

event which it commemorates, but was made especially happy for the little ones and in fact for all by your ever generous supply of

candies, oranges, nuts, etc.

In this connection we must not forget to mention the name of our good friend Mr. D. C. Wharton Smith, whose beautiful poultry farm adjoins the school grounds, who every Easter-time, ascertains the number of pupils and employes at the school and sends a chocolate

easter egg for each.

Memorial Day, a most beautiful day, was appropriately observed. The neighboring farmers in a spirit of loyalty, and feeling a deep respect and love for the school came with their conveyances and took every one who could go, to the cemetery at Vincent Baptist Church, where a number of our little ones lie sleeping. There, gathered around the monument which marks their resting place, after music by our school band and singing of "America" by all, the graves of our little ones and the veterans who are sleeping so quietly in the "City of the Dead" were decorated with the beautiful flowers of spring-time by the little girls of the school, we listened to a most eloquent and patriotic address delivered by the Rev. Wm. J. Day, of Luzerne, himself a veteran and a most devoted friend of all of us.

Our "Annual Day" June 20th, dawned bright and beautiful, and continued so during the entire day. We had with us to add to the interest of the occasion, on the part of the Commission, Hon. Levi G. McCauley, Vice President, accompanied by Mrs. McCauley and Mrs. Jerome B. Gray, of West Chester, Hon. Thad. M. Mahon, Treasurer and Hons. John Riebel and Thos. Hayes. Messrs. McCauley and Mahon remained with us during the entire day and assisted in mak-

ing the evening entertainment very enjoyable.

The visiting committees of General Geo. A. McCall Post No. 31, G. A. R. of West Chester, Lieutenant Josiah White Post No. 45 G. A. R. of Phoenixville and Gen. W. S. Hancock Post No. 255 of Downingtown, Pa., made their annual visit of inspection and expressed themselves as entirely satisfied, not only with the personal appearance of the children, and the manner in which they acquitted themselves in the exercises in which they had a part, but also with the evidence of the care manifested in their surroundings.

There was a large number of friends of the school present from West Chester, Downington, Coatesville and Phoenixville and from the immediate neighborhood, who came to visit for the last time our closing exercises. All expressed themselves as highly delighted,

which was of course very gratifying to us.

Col. Richard H. Holgate, of Scranton, a former member of the Commission, manifested his continued interest in the Soldiers' Orphan Schools, by his presence and words of cheer and commendation.

On Friday and Saturday, June 28th and 29th, a sale of the personal property of the school, not wanted at the Scotland School, was held at which everything which could be spared was disposed of. The goods selected by the Superintendent of the S. O. I. School, was shipped to him, which was the closing act, making Chester Springs S. O. School a matter of history.

In saying good-bye to you, gentlemen of the Commission, I desire to express, it may be in a feeble manner, my appreciation of your unfailing kindness and courtesy to me during the nine years of my work in your service, and to thank you most sincerely and bid you "God Speed" in your work.

To the members of my staff, I cannot adequately express my feeling of regret at parting, nor tell you how much I appreciate and thank you for your never failing kindness to me and mine, and for your cor-

dial support and co-operation.

Whatever measure of success has been accomplished by the Chester Springs Soldiers' Orphan School is due largely to your united efforts. While we may be widely separated, yet our thoughts will often be with our fellow workers and the dear children over whom we were placed, and our best wishes for your and their welfare will always follow you all.

And now gentlemen, again thanking you, good bye, and God bless

you.

Ever fraternally yours,
DR. M. B. HUGHES,
Superintendent.

Headquarters of Gen'l Geo. A. McCall Post No. 31, Dept. of Penna., G. A. R.,

West Chester, Pa., June 21, 1912.

At a stated meeting of this Post, held this day, the following report was presented and read on the closing of the Chester Springs S. O. School.

We, the undersigned members of this Post, as a committee on this

occasion, beg leave to report the following:

We left West Chester on Thursday morning at eight o'clock A. M., it being an ideal morning, the weather fine, and arrived at the S. O. School at ten o'clock A. M., where we were met by Dr. M. Hughes, Superintendent, the faculty and the children, and were greeted with a loyal reception, as anyone might feel proud of, girls waving hand-kerchief and the boys' band playing a fine air. The military was out under command of Major C. Beekman, the Instructor; then, after seeing some fine drilling and hearing some good, patriotic music by the band, then we had an opportunity of meeting the school and all connected with it and the friends, and enjoying a social time until the noon hour, and when we were invited to the spacious dining-room, where the tables were filled with all the good things of which anyone would wish to partake. Just here we want to give credit to the matron and her assistants for the manner in which it was gotten up and served to the guests; they are highly commended.

At two o'clock we made a general survey of the buildings and the grounds and found them in equally as good condition as in former years. We noticed in the hospital only five patients, only two of whom were in bed, which speaks well for the sanitary condition of

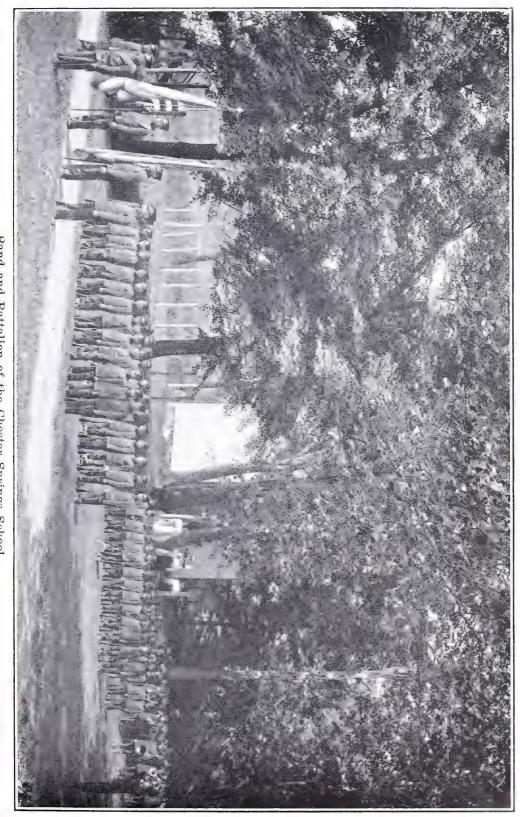

the school.

The remainder of the afternoon we spent in social conversation, and having a good time in general.

At five o'clock we were invited to the evening meal, which was

grand and served in the finest style.

We remained for the evening exercises, which consisted of singing, recitation, and speaking—Fred A. Talbot, Principal, Chairman. The singing by the children was something grand, as also the recitations.

Band and Battalion of the Chester Springs School.

They all performed their parts nobly. The G. A. R. badge and the little bronze button had a conspicuous part in the exercises of the

evening

The Principal, Fred A. Talbot, then called Dr. M. B. Hughes to the rostrum and told him he had something for him—a cane presented by a friend as a token of the appreciation and high esteem in which he held Dr. M. B. Hughes, Superintendent. The cane was presented by the Principal, Fred A. Talbot, in a manner which was a marked feature of the evening and a credit to himself. Then Dr. Hughes took the chair and made a fine acceptance of the gift.

Then P. D. C. Thaddeus M. Mahon, Treasurer of the S. O. S. Commission, gave a detailed account of the school from its first until its closing term; Vice President Levi G. McCauley also made a statement regarding his connection with the school for a number of years, as did others—S. G. Willouer, Henry W. Robinson, Comrade Hold-

gate and the Rev. Mr. Wade.

The committee regards very much that the school is closed, for it was always a pleasure to come here and meet the officers and the children. Nowhere could we spend a day more satisfactorily.

With respect for all, respectfully submitted in F. C. & L. To Commander and Comrades of McCall Post No. 31, G. A. R.

SOLDIERS' ORPHANS' INDUSTRIAL SCHOOL.

Scotland, Pa., June 30, 1912.

Commission of Soldiers' Orphans Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit herewith the seventeenth annual report of the Soldiers' Orphans' Industrial School, Scotland, Pa.

At the beginning of the present year, July 1, 1911, we were all of the opinion that the year would be one of strictly school work, as many needed and valuable improvements had been made during the previous year, in fact we all thought that everything had been put in such good condition, that nothing in the way of improvements or repairs would be necessary for at least another year.

In a very short time, however, we were compelled to change our minds. The Commission at their annual meeting in July, 1911, after careful consideration and calculation as to the future of the Chester Springs Schools, finally decided to erect an addition to the Auditorium of sufficient size to accommodate all the pupils at this school that would be left at the Chester Springs School at the close of the school

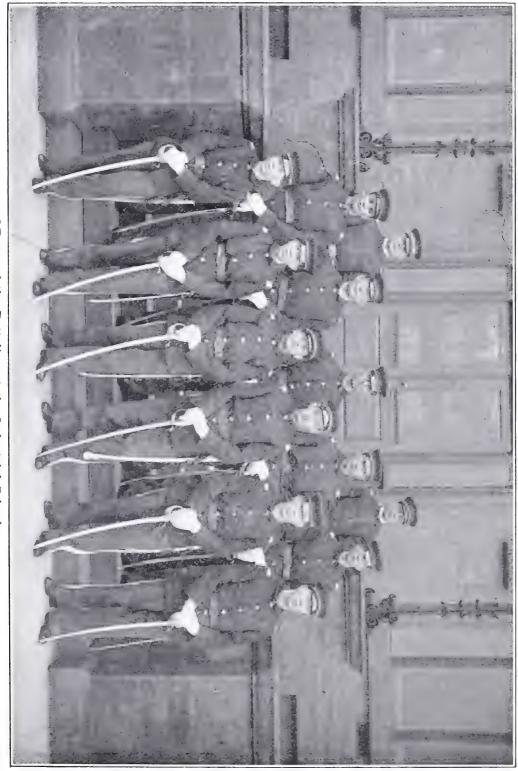

year, 1912.

In due time plans and specifications were completed and the contract awarded for a neat and substantial two story and basement brick building with a slate roof with connections at each floor to the auuditorium. While the building is not completed at this time, it is far enough advanced that there is no doubt about its being finished in ample time to take care of the children from the Chester Springs School at the beginning of the school term September 1, 1912. erection of this building was in charge of a committee of the Commission; Hon. Thad. M. Mahon, Major L. G. McCauley and Col. James F. Morrison. After careful thought and consideration it was finally decided to change the custom of housing or sleeping both boys and girls in the same building, to use the auditorium and the new building exclusively for girls and the dormitories in the main building for boys. The relative number of girls and boys in the school just suited this change. After this was finally settled it was deemed advisable to build in a covered passageway from the porch at the main building to the auditorium as a protection to the girls in stormy and cold weather going to and from school and meals.

Plans were perfected and the contract awarded by the committee for this passageway of brick, the same as those used in the new building, with a tin roof. This is also in such shape that there is no doubt about it being completed in ample time for use when the school term

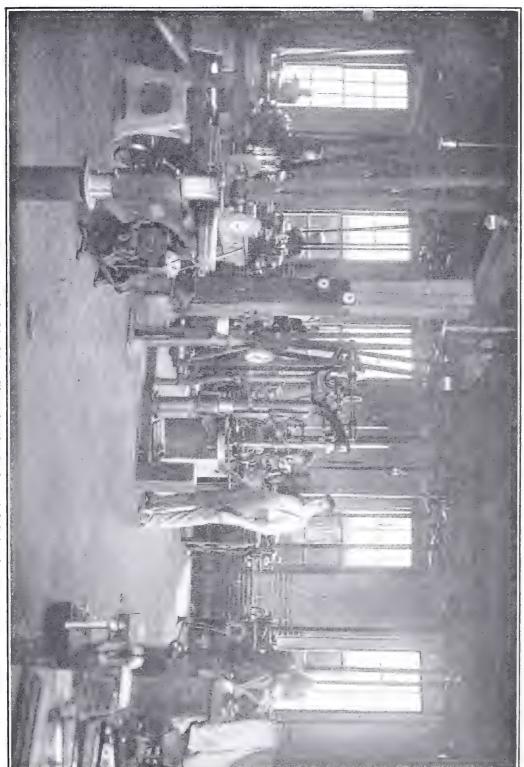

begins.

June 22, 1912, there were on the rolls of the school two hundred and fourteen (214) boys and one hundred and thirty-six (136) girls. Contrary to the usual custom there were no children transferred from the Chester Springs School during the year until June 24 at which time all the pupils were transferred and the school closed perma-

nently, which increased the number of pupils at this school to three hundred and forty-four (344) boys and two hundred and six (206) girls, total five hundred and fifty (550), the largest number on the

roll in the history of the school.

During vacation period July and August, 1911, the children remaining at the school were furnished amusement at various times, notably the usual display of fire works on the campus in the evening of July 4, which was enjoyed by the pupils and the people in general in the vicinity, many coming here by train from Chambersburg and Shippensburg and voting the display the finest we ever had. Another day that will long be remembered by the pupils and employes that were fortunate enough to be in the party, was the picnic at Mont Alto Park during the early part of August, leaving the school by special train at 8.00 A. M., returning leaving the park at 7.00 P. M., giving a full day pleasure and enjoyment.

There were but three changes in the corps of employees at the opening of the school term, September 1, 1911, and none during the term, M. Elsie Dalbey succeeding Miss Mary E. Keiffer as teacher, who was also selected to succeed Mrs. W. C. Bambrick, who had been in charge of the music only for the past year, J. Zell Brabson succeeding Miss Nora A. Hanks as teacher to the primary grade, and Miss Margaret Irwin in charge of the Mending Department succeeding Miss Coldie Mahon. All the new employees have been satis-

factory in every particular.

Prior to the year 1911 Memorial Day was observed by the school. the custom being to go to some town in this locality, usually Chambersburg, and take part with the Grand Army of the Republic in the parade and memorial exercises during the day and in the evening to visit the cemetery in Scotland and hold memorial services there.

At the suggestion of Hon. Thad. M. Mahon, Past Department Commander of the G. A. R. and a member of the Commission, the custom was changed for the reason that the graves of many of the soldiers in small cemeteries throughout the country were missed on Memorial Day. The day was observed about the same as the previous year, memorial services and decorating of the soldiers graves taking place

at the following cemeteries:

Methodist and Lutheran at Greenvillage, 9:30 and 10:00 A. M. dresses by C. A. Suessrott and W. C. Bambrick, Mountain Green, U. B. White Church, Witmers and Brindles, during the afternoon. Addresses by Hon. Thad. M. Mahon, Col. M. A. Gherst and John In the evening the entire school marched to the cemetery at Scotland and joined by several hundred comrades of the G. A. R. and people in the neighborhood the most impressive services of the After a prayer by Rev. J. E. B. Rice, of Scotland, Hon. Thad. M. Mahon in a short address introduced Col. M. A. Gherst, of Reading, Pa., Past Department Commander G. A. R., who delivered the memorial address which will long be remembered by every person present. Music by the band and singing by the pupils closed the exercises for the day.

The annual commencement exercises, June 18, was attended by many visitors and members of the commission. The program as arranged for was carried out without a hitch of any kind despite the fact that contrary to the usual custom the exercises were all held on one day, to the great satisfaction of not only the visitors but every

one taking part, particularly the pupils.

The graduating exercises were held in the auditorium at 10:00 A. M. Col. M. A. Gherst, a member of the Commission, in an eloquent and appropriate address presented the forty-three (43) members of the graduating class with their diplomas.

The drills and calisthenic exercises in the afternoon on the campus

were witnessed by a large and appreciative audience.

The evening exercises in the auditorium varied somewhat from the custom of previous years. In place of two short dramas that required time and patience of both the pupils and instructors for rehearsals, etc., the entertainment consisted of music by the school orchestra, singing solos and duets by the pupils, short addresses by members of the Commission and officers of the G. A. R. and declamation contest by six pupils for prizes consisting of two gold medals. Mr. W. J. Dooner, of Philadelphia, a good friend of the school, again presented two silver medals and five books to the pupils making the most satisfactory progress in school work during the year.

Work in the Industrial Departments in the past year has been fully up to the standard. Among the most noted articles made were a round library table, and a roll top desk. Three small cannon and many other small articles, all on exhibition in the Wood and Machine Departments during commencement, caused much favorable comment.

In the Printing Department, the "School News" was issued every second and fourth Thursday of each month during the year, as well as all other necessary printing for this school and Chester Springs.

The work did in the Tailoring and Dressmaking Departments is as

Work in the Mending, Shoe Repairing and Laundry Departments has been satisfactory in every way and the assignment of the pupils in the industrial departments the same as in the past.

The school band and Medical Department have been managed very successfully in the past year. See detailed reports by the persons

directly in charge.

In closing, I wish to thank the members of the Commission for their many courtesies, and all employees for their faithful performance of duty.

Very respectfully,
WM. H. STEWART,
Superintendent.

Scotland, Pa., Aug. 12, 1912.

Dear Sir: I herewith submit the seventeenth annual report of the Educational, Military and Commercial Departments.

The quarterly tests in all the grades have shown a good percentage of advancement and the average pupils made the regular promotions.

Backward pupils were given special attention and showed marked improvement in proportion to the care given them. The extra work classes for pupils who have passed beyond the stated curriculum have accomplished good results.

I desire to call attention to the very apparent good derived from the supervised study periods held each evening. We feel that directed study rather than corrected results is of great value to the pupil.

The higher grade pupils are given actual practice in the preparation and teaching of lessons. Careful attention is given to the neatness and accuracy of all written work. Letter writing by pupils of all grades is a feature in which all are thoroughly drilled.

Our annual exhibition of this work was highly creditable. Intelligent expression and legible penmanship are the chief aims.

The Curtin Literary Society has done much good work and derived much training from the bi-monthly programs. These programs together with the plays given by the society during the year furnished wholesome entertainment for the pupils and employees of the institution.

Thanksgiving, Christmas, New Year's, Lincoln's Birthday, Washington's Birthday, Easter and Memorial Day were fittingly observed and exercises appropriate to the occasions given.

The daily chapel exercises and weekly Sabbath School classes were maintained and the girls Christian Endeavor Society continued active and prosperous.

Rev. J. E. B. Rice, of Scotland, preached in the school auditorium

on each alternate Sabbath afternoon.

A class of forty-three was graduated on June 18th and the honor

pupils delivered their orations before a brilliant audience.

Maj. M. A. Gherst, of Reading, presented the diplomas and gave a touching and inspiring address to the class.

Commercial Department.

The stenography, typewriting and telegraphy classes were put through their usual thorough course and a creditable number of pupils were sent out to take up their chosen work in the business world. A large number of the more proficient pupils were given much actual work as practice and profited greatly thereby. A few went directly into promising positions on leaving school.

Military and Physical Culture Department.

The three company battalion has been continued. Each boy has been required to take part regularly in the infantry drills and ceremonies unless physically disqualified. The boy officers and non-commisioned officers are required to show proficiency in the instruction and drilling of their respective commands.

Both boys and girls are given exercises for the development of the

various parts of the body and the preservation of their health.

With this end in view all out-door drills are held when weather conditions permit.

Many exhibition drills have been given during the year but this is

an incident rather than a purpose in the work for the year.

The out-door sports have received continued support and direction. Excellent teams have been put in the field to compete in the usual school sports. Over eighty per cent. of the games won shows something of the skill attained. Probably a larger percentage of our boys participate in baseball and footfall than in any school in the country.

The pupils have been generally diligent and obedient, showing a

healthy condition of their bodies and a cheerful state of mind.

In closing I desire to thank you, the Commission and all our faithful workers for many courtesies.

Respectfully,
W. C. BAMBRICK,
Assistant Supt. and Principal.

Scotland, Pa., June 30, 1912.

Mr. Wm. H. Stewart, Supt. S. O. I. S., Scotland, Pa.:

My Dear Sir: I have the honor to submit herewith a report of the band and orchestra for the year that has just closed.

Our band numbered forty-three (43) pieces, as follows: Fourteen clarinets, one piccolo, nine cornets, four altos, six trombones, two

baritones, three bases, three drums and cymbals. Of this number, sixteen (16) were new boys. We had two rehearsals daily, five days in a week.

We furnished music for all drills and dress-parades during the school term, and gave a number of concerts at the school during the winter.

Our band filled a number of engagements away from school, as follows: May 1, inauguration of Miss Anna McKeag, President of Wilson College; May Day exercises at Wilson College, May 8. On the evening of March 15, 1911, the band gave a complimentary concert in the auditorium of the Chambersburg High School Building. A large and appreciative audience greeted the boys. The next day I received a letter from Prof. Zumbro, principal of the High School, thanking the boys for the splendid concert, and asking them to be the guests of the Seniors when they give their annual play. We accepted and the boys had a fine time.

On May 30, I divided the band into two details for the day, furnishing the music in the following cemeteries: Mount Green, Brindles,

White Church, Witmer's two at Greenvillage, and Scotland.

The music played by the band was standard and by the best authors. The orchestra numbered fourteen pieces and considered the limited time we had to practice they did very well. The orchestra, like the band, had many invitations but they could not accept on account of school duties.

The deportment of the boys was good.

In conclusion, I want to thank you and the Commission and all interested for many courtesies.

Very respectfully, CHARLES E. MENTZER, Instructor Band and Orchestra.

Mr. W. H. Stewart, Supt. S. O. I. S., Scotland, Pa.:

My Dear Sir: I have the honor to herewith present the annual report of the Medical Department of the Industrial School for the year just ended. Shortly after the opening of the fall term of school, Edmond Gareau was stricken with peritonitis. After several days of much suffering, he seemed to be improving, when suddenly septic pneumonia developed in both lungs, which caused his death on Monday night, September 25, 1911.

George Harp, who was transferred from Chester Springs with tuberculosis of the hip and had undergone treatment there and at University of Pennsylvania Hospital in Philadelphia, was taken to Philadelphia in November where a brace was secured for him, and he now

is much improved and no doubt will be completely cured.

One case of chicken-pox developed during the winter, but it was immediately isolated and no more cases developed. We were unable to locate the source of contagion.

In March, Edward Ralston developed typhoid fever. It was the only case we had and it ran a regular course and he made a complete

recovery. At that time we had the drinking water and milk examined and received highly satisfactory reports as to the purity of both.

The latter part of April we had two severe cases of pneumonia, one especially severe. But I am glad to state that both made good recoveries.

Also in April, Lynn Russell developed general septicaemia, resulting from an abrasion on his leg. He was in a serious condition for over a month, during which time everything possible was done for him, including the use of vaccines, which no doubt was a great benefit. He finally after a long and painful illness made a complete recovery.

Six boys have been operated upon for inguinal hernia within the last year and all made rapid and complete recoveries. Upon the closing of Chester Springs School in June, two children, Rachel Madiera and William Gordon were transferred to Scotland, and on examination were found to have pulmonary tuberculosis and immediately application was made to admit them to Pennsylvania State South Mountain Tuberculosis Sanatorium.

We have had during the past year the usual number of minor ills and injuries. One boy fractured his fore-arm and several received bad lacerations, but all made rapid and satisfactory recoveries.

In closing my report, I wish to thank you and associates for the hearty co-operation and assistance rendered.

Respectfully submitted, JOSEPH P. MACLAY, M. D.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1913

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual Report of the Soldiers' Orphan Schools Commission.

This closes the forty-ninth year of the existence of these schools, and the twenty-fourth year of management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of Assembly,

approved May 25th, 1889, and its supplements.

During the past year the work of educating the wards of the State and preparing them to be good citizens, ready when discharged from the Schools to be self-sustaining, has gone steadily forward. Since the closing of the Chester Springs School, all children are now admitted directly to the Industrial School, that being the only one now in operation. As will appear from the detailed reports herewith submitted, two hundred children were transferred from the Chester Springs School on June 24th, 1912, when it was closed, to the Industrial School, which filled it to its utmost capacity, some of the pupils being of such tender age as to require especial care, but everything has worked well. As the population of the school is diminishing, owing to the discharge of those arriving at the ages of sixteen and eighteen, it is possible to admit the most of those for whom application is made, and the school at the present time contains four hundred and sixty-five pupils, a full record of which appears in following details, which gives their names, dates of birth, names of fathers, record of fathers' services, etc.

The Industrial School is now in splendid condition; the improvements made necessary by the increased population of the past year are complete and in fine working order, but improvements are constantly suggesting themselves, and it is the intention during the coming year to add to the water supply by erecting a new reservoir on the highest part of the land, which will insure a full and complete

supply of the best spring water for many years to come.

The Superintendent of the Industrial School, Mr. Wm. H. Stewart, and the Assistant Superintendent and Principal, Mr. W. C. Bambrick, have been indefatigable in their endeavors to promote the welfare of the children and to keep the institution at the highest point

attainable. We desire to place on record our appreciation of the services of all the employes, who have given their best thought to the

care and the education of the children.

We are continually in receipt of information, regarding those who have graduated from the Soldiers' Orphan Schools, which shows the most gratifying results; and we are convinced that the State has never done a more commendable work in the bettering of its citizens, than in caring for and educating the twenty thousand young men and young women, sons and daughters of our gallant soldiers and sailors), who have gone out from these schools after having received a thoroughly practical education, and who are now performing their part in the world's work, assuming, many of them, high and important positions in this and other States. The School has furnished experts from the industrial and educational departments at the Scotland School, such as machinists, draftsmen, telegraphers, stenographers and typewriters, etc., and many of the graduates of these schools are now filling high and honorable positions, some of the graduates being judges of our courts, ministers of the Gospel, lawyers, teachers, presidents of manufacturing concerns and others engaged with the vast and many manufacturing enterprises of the State and country.

It is with sorrow and regret that we have to report the death of two of our esteemed members during the yast year—Hon. John H. Riebel, of Philadelphia, and Hon. Jacob C. Stineman, of South Fork, both of whom rendered valuable service to the State for many years as members of the Legislature and as members of this Commission.

The expenses attending the management of the schools is fully set forth in the financial reports appended herewith, and we have used the greatest economy consistent with producing the best result in all departments. Tabulated statements of all matters connected with the school, together with itemized accounts of all moneys received

and expended are also appended.

In conclusion, your Commission earnestly invites every member of the General Assembly, every Grand Army man, the Press and Clergy, as well as every citizen of the State at large, to visit the Industrial School and see the magnificent work and the splendid results achieved. Respectfully submitted by order of the Commission.

> L. G. McCAULEY, Vice President.

JAMES F. MORRISON, Secretary.

REPORT OF THE SUPERINTENDENT.

June 30th, 1913.

Commission of Soldiers' Orphans' Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit herewith the eighteenth annual report of the Soldiers' Orphans' Industrial School, Scotland, Pa.

At the beginning of the present school year, July 1st, 1912, the pupils enrolled numbered 550, 344 boys and 206 girls, the greatest

number since the opening of the school June 1st, 1895.

On account of permanently closing the Chester Springs School, June 24th, 1912, 200 pupils were transferred to this School, 130 boys and 70 girls. The Commission however had made ample provisions for their care by the erection of the new building or annex to the Auditorium now known as the girls' building. While the work on the same was not finished we had no trouble in taking proper care of the children as many of them were away during July and August, the vacation period, and on their return September 1st all work had been finished and everything in good condition to begin the school work.

The children remaining at the School during the vacation July and August were furnished amusement in various ways during that time. The customary display of fireworks on the night of July the 4th, on the campus was enjoyed by not only the pupils and employees, but by hundreds of people in this neighborhood, many coming quite a long distance by automobiles, trains and carriages, but no one enjoyed it quite as much as the new pupils, for it was a new thing to them. It had been customary to take the children on a picnic to Mont Alto Park during vacation but that had to be given up this year for the reason that the Park has been abandoned for picnic purposes by the owners of the same, no other place seemed suitable, as it was considered unwise to take children while many of them are so young to any place where it was necessary to change cars with the attending danger and risk of some of them getting injured.

The increased number of children and the ages of many of them as young as five years made it necessary to make some changes in

our system and also to increase the number of employees.

A Kindergarten School for the small children was added to the School Department and Mrs. Marion D. Haines, a former teacher at the Chester Springs School, was placed in charge. This was no experiment as Mrs. Haines had been in this work for many years and it was expected the Kindergarten would be a success and I am pleased to state that we were not disappointed.

It was also necessary on account of the small boys to employ a woman to look after their comfort which was done, and Miss E. E. Koons was appointed to the place and is known as the Matron for

the small boys. After this appointment was made I felt very much at ease and had no doubt about the wisdom of the appointment as I was aware of the fact that Miss Koons was employed in the same capacity at Chester Springs and was a very successful Matron. I felt sure the same result would follow at this School and I am pleased to state that such is the case.

It was also considered advisable to place a woman in charge of the Boys' Dormitories on account of the increased number of boys in the School. Mrs. Mary E. Root, who was also employed for a number of years at the Chester Springs School, was appointed to the place and I am pleased to report that her work has been most satisfactory in every particular.

It was also found necessary to have additional help in the Mending Room and Dining Room. Miss Lida Youngblood was appointed as assistant in the Mending Room and her work has been satisfactory. Miss Kathryn Robrbach was appointed as assistant in the dining

room and her work has also been very satisfactory.

Miss Lillian Seibert, the nurse who had been with us for several years, resigned August 30, 1912, to take up private nursing and Mrs. Emma P. Cochran was appointed to the place. She in turn resigned April 30th, 1913, and Miss Kathrine Hocker, of Harrisburg, was appointed to the place and it is a pleasure to state that her work is

very satisfactory in every way.

The Memorial Day exercises, May 30th, 1913, was the same as in the past two years, as it was intended to follow out about the same program each year. Lutheran and Methodist Cemete.ies, Greenvillage, 9.30 and 10.00 A. M. Addresses by C. A. Suessrott and W. C. Bambrick. Mountain Green, U. B. White Church, Witmers and Brindles Cemeteries during the afternoon. Addresses by Parker R. Skinner, Hon. Thad. M. Mahon and Rev. W. A. Dickson. The evening exercises in the Cemetery at Scotland could not be carried out on account of a very heavy rain storm, but it was conducted in the School Chapel and the children as well as all the other people who attended were very much impressed with the able address delivered by Rev. M. L. Ganoe, who has since been elected Chaplain of the G. A. R. Department of Pennsylvania to succeed the Rev. John W. Sayers, deceased.

The Annual Commencement exercises were held June 24, 1913. Members of the Commission and many other visitors attending. The graduating exercises were held at 10.00 A. M. in the Auditorium. On account of important business at Harrisburg Gov. John K. Tener could not attend to present the Diplomas to the graduating class and Col. M. A. Gherst, a member of the Commission, taking his place, presented the thirty-three members of the graduating class with

their diplomas in a very eloquent address.

The Calisthenic exercises and drills on the Campus in the afternoon were fully up to the standard of previous years and were witnessed by a large number of people not only from this neighborhood

but from a distance and all seemed to be very well pleased.

The evening exercises in the Auditorium consisted of music by the School Orchestra, declamation contest, singing by the School, including several solos and duets and addresses by members of the Commission and officers of the G. A. R.

The work of the Industrial Department during the year has been

equal to any previous year. While no specially fine article was made in the wood department during the year I consider the work done was of more value and more useful than most articles made in the past. I refer to a full line of up-to-date maple work benches for the entire department and in addition many small articles requiring skill and patience on the part of the pupils.

In the Machine Department in addition to a full line of vices being made for the new benches in the wood shop and the usual line of work followed in the department, they have constructed a three-and-one-half horse power portable gasoline engine. All the articles made in these two departments were on exhibition during commencement and the work on the same was highly complimented by the visitors particularly by mechanics.

Work in the Printing Department was about the same as previous years. The School News was issued every second and fourth Thursday during the year as well as all other necessary printing for the

School was done in the department.

The work in the Tailoring and Dressmaking Departments during the year is as follows:

MEDICAL DEPARTMENT.

Chambersburg, Pa., June 30, 1913.

Mr. W. H. Stewart, Superintendent, S. O. I. S., Scotland, Pa.

Dear Sir: I have the honor to herewith submit the report of the Medical Department of the Industrial School for year just ended.

Since the School at Chester Springs has been closed we have more small children than before and of course we have had more ills incident to small children to treat than before, otherwise the routine work has been about the same as other years. During vacation we had two boys operated on for hernia in Harrisburg Hospital from which they made a complete recovery. As stated in last year's report two children, William Gordon and Rachel Maderia, who were afflicted with pulmonary tuberculosis, were admitted to a Pennsylvania State South Mountain Sanitorium in March. They had both improved some under treatment in our hospital but from reports received from Sanitorium are continuing to improve. On February 4th Jacob Frantz was stricken with acute mastoiditis; he was immediately taken to Chambersburg Hospital where an operation was

performed; he stood the operation well but in several days meningitis developed from which he died on February 16th. During the winter months we had several severe cases of pneumonia but I am glad to state all made good recoveries. Also we had the usual epidemic of lagrippe tonsilitis, but all made rapid and uneventful recoveries. We had the usual number of minor ills and injuries during the past year. Several cases of fractured forearms and one boy who caught his hand in machinery necessitating amputating of his little finger, but all made complete recoveries. Just before vacation several cases of chickenpox developed, the source of effection could not be located but all made satisfactory recoveries.

In closing my report I wish to thank you and associates for the

hearty support given me, I am,

Very respectfully,

JOSEPH P. MACLAY, M. D.

EDUCATIONAL DEPARTMENT.

Scotland, Pa., June 30, 1913.

Mr. William H. Stewart, Superintendent, S. O. I. S.

Dear Sir: I herewith submit the eighteenth annual report of the

Educational, Military and Commercial Departments.

The transfer of all the pupils of the Chester Springs School to Scotland, one year ago, added not only numbers to our population, but many problems incident to the organization of classes from Kindergarten to High School work.

The matter of disciplining very young children was a problem new to some of us, and the handling of pupils of all ages, ranging from five to eighteen, required patience and constant vigilance.

Classes in kindergarten and primary work was arranged and Mrs. Marion D. Haines, formerly of Chester Springs, placed in charge of them. As often as practicable these classes were conducted in the open air.

The average age of the children was lower than ever before in the history of this institution and the percentage of pupils in higher

grades consequently low.

The quarterly tests resulted in a fair number of promotions each time showing continued progress. Special personal attention is given to backward pupils and extra work required of all advanced grades. The supervised study periods are productive of good results, and amply repay all expended effort along that line.

When possible to do so pupils of the advanced grades have been

given an opportunity to take part in actual teaching under the supervision of an instructor. Letter writing continues a feature of the regular curriculum and we feel that it is a profitable part of the work.

The Curtin Literary Society has continued to do much good work and the bi-monthly public programs were kept up during the entire year.

The usual holidays were fittingly celebrated and made the oc-

casion for many moral, religious and patriotic teachings.

The daily chapel exercises have been continued regularly and each Sunday morning all pupils attend Sabbath School classes.

Rev. W. A. Dickson, of Scotland, preached in the School Audi-

torium on each alternate Sabbath afternoon.

A class of thirty-three was graduated on Tuesday, June 24th, and the honor pupils delivered their orations.

All other members of the class were required to give a special

speaking performance in public before commencement day.

Col. M. A. Gherst represented Governor Tener in presenting the diplomas and very fittingly addressed the class.

Commercial Department.

The stenography, typewriting and telegraphy classes continued their work along the usual lines. As far as practicable all graduates were given actual practice during their last term and many showed a high degree of efficiency. Many pupils from this department secured good positions soon after leaving school.

Military and Physical Culture Department.

All except the very small boys were required to take part in the Military and Physical Culture Work regularly and attained a high standard of excellence.

A three company battalion organization was the basis of the work and gave an excellent opportunity for boys capable of advancement,

to take part in the development of a creditable command.

Both boys' and girls' drills were conducted in the open air whenever possible. We feel that this is a large factor in the preservation of health and natural physical development. Our exhibition drills at commencement time were such that we can feel justly proud of them.

All out-door sports are encouraged and given the personal direction of an instructor. We have produced excellent football and baseball teams during the year, and won an astonishingly high percentage of games over opponents. Every boy in the school takes some part in these two great games and learns the rules of clean sportsmanship.

The pupils have been cheerful, obedient and diligent, the instruc-

tors faithful and efficient.

In closing I desire to thank you and our honorable Commission for many courtesies.

Respectfully,

W. C. BAMBRICK,

Assistant Superintendent and Principal.

BAND.

Scotland, Pa., June 30, 1913.

Mr. William H. Stewart, Superintendent, S. O. I. S.

My Dear Sir: I have the honor to herewith present to you a report

of the Band and Orchestra, for the year that has just closed.

The Band was organized September 2nd with 45 pieces, 22 of this number were new boys. We had two rehearsals daily, five days a week. We furnished music for all dress parades and drills during the year. We also gave a number of concerts at school. May 5th we furnished music at Wilson College, Chambersburg, Pa., for their May Day exercises, the boys were highly complimented for their good music. On Memorial Day, May 30th, I divided the Band into two details for the day, furnishing music in the following cemeteries: Lutheran and Methodist, at Greenvillage, Mount Green, Witmer's, Brandle's and White Church. On account of the rain storm in the evening, we did not play at Scotland as had been arranged for. Our Martial Music like the Calisthenic was all new and up to date.

Our annual concert June 23rd of popular and standard music was

spoken of as the best concert given by the Band.

The Orchestra numbered 15 pieces, 4 violins, 1 flute, 2 clarinets, 2 cornets, 2 horns, 1 trombone, bass drums and cymbals. The Orchestra furnished music for entertainments, etc., and at commencement.

Both Band and Orchestra received a number of invitations to play away from school which we could not accept, owing to school duties.

The deportment of the boys was good. In closing I wish to thank you, the Commission, and all interested for many courtesies.

Most respectfully,

CHARLES E. MENTZER,
Instructor of Band and Orchestra.

modation in the case of schools or homes for colored orphans.

report to the Governor of this Commonwealth, of all the soldiers' orphans under his charge, their condition and progress, the number of each respective age, from four to sixteen years, and such other information as he may deem expedient, together with the statement of receipts and disbursements by item, and estimates for ensuing

vear.

sary to carry out the provisions of this act.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY, 31, 1914.

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual Report of the Soldiers' Orphan Schools Commission.

This closes the fiftieth year of the existence of these schools, and the twenty-fifth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of Assembly approved May 25th, 1889, and its supplements.

During the past year the work of educating the wards of the State and preparing them to be good citizens, ready when discharged from the schools to be self-sustaining, has gone steadily forward, and all children are now received directly into the Soldiers' Orphan Industrial School, and remain there until the time for their discharge, as that is the only school now operated by your Commission. As will appear from the detailed reports following, there were 465 pupils in the schools at the beginning of the present fiscal year, to which there were added 35 by admission, and from which 83 were discharged and one died, leaving the membership on May 31st, 1914, at 416, of which 260 were boys and 156 girls, the full names and ages of which appear in a table appended to this report together with a full record of the military services of their fathers.

Many improvements have been made to the Industrial School during the past year to add to its efficiency, the most important of which was the erection of two steel reservoirs for water, which insures a full and complete supply of pure spring water for all time.

We have to report that the school was never in better condition than at the present time under the continued superintendency of Mr. William H. Stewart, aided by Mr. W. C. Bambrick as Assistant Superintendent and Principal, who have both been indefatigable in their endeavors to promote the welfare of the children and to keep the institution at the highest point of efficiency attainable. In this effort they have been ably seconded by all the employes who have given their best thought to the care and education of the children.

We record with pleasure the fact, that so far as we are able to learn, very many of the graduates of these schools are filling honorable and important positions in the world's work; and in the various reunions of these graduates that have been held from year to year, we find men and women who are a great credit to the State that helped to educate them, and we feel sure that they can trace their present lives of honorable usefulness to the careful training they received while in the Soldiers' Orphan Schools; and it is a fact that those who graduate from the Industrial Departments of this School have no difficulty in obtaining employment immediately after their graduation, being well fitted to take up any line of employment in which they have been educated.

The expenses attending the management of the School are fully set forth in the financial reports appended herewith, and we have used the greatest economy consistent for producing the best results in all the Departments. Tabulated statements of all matters connected with the School, together with itemized accounts of all moneys received and expended are also appended.

In conclusion, your Commission earnestly invites every member of the General Assembly, every Grand Army man, the Press and Clergy, as well as every citizen of the State at large, to visit the Industrial School and see the magnificent work and the splendid results achieved. Respectfully submitted, by order of the Commission.

JAMES F. MORRISON, Secretary. L. G. McCAULEY,
Vice President.

REPORT OF THE SUPERINTENDENT.

June 30th, 1914.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.:

Gentlemen: I have the honor to submit herewith the nineteenth annual report of the Soldiers' Orphan Industrial School, Scotland, Pa.

At the beginning of the present year, July 1st, 1913, the number of pupils on the roll of school was 288 boys and 171 girls, total 459. The enrollment at the present time is 259 boys and 156 girls, total 415, showing a loss of 29 boys and 15 girls, total 44, during the

year.

While the general health of the children during the year was very good, yet we were unfortunate for a portion of the time on account of what might be termed an epidemic of diseases common among small children, starting first with chicken pox, followed by mumps, whooping-cough and measles, and while we had many cases, requiring the services of extra nurses for a time, I am pleased to state they all completely recovered. I am sorry to report one death from Diptheria. Earl Wuenschell. (See the Doctor's report for details.)

The improvements to the buildings in the past few years, and the erection of the annex to the Auditorium, left very little to be done in the past year in the way of expensive repairs to the buildings,

or the erection of any new buildings.

There was one thing, however, that for several years had shown marked signs of deterioration, the large water tank and tower used as a reservoir. The matter was gone over very carefully by the Commission and it was finally decided to erect two tanks on the highest part of the School grounds near the Chambersburg road, and discard the old tank and tower. Bids were received from several manufacturers of elevated steel tanks and the contract was awarded to the W. E. Caldwell Company, Louisville, Ky., for two steel tanks of the latest improved pattern, each 100,000 gallon capacity, on steel towers 30 feet high. They were erected according to contract and the old tank and tower taken down and everything is working very satisfactory.

This I consider the most important improvement made here since the opening of the School for several reasons. It doubles the capacity of the reservoir; now we have 200,000 gallons water on hand when both tanks are full, while with the old tank we had but 100,000 gallons. We have the water where it is needed if we should have a broken water main. "And we have had several breaks." The water is where it is available while repairs are being made, and if, from any cause whatever, anything should happen and a tank require repairs, we have still another tank to supply our needs. The cost of maintenance will be reduced over the old tank at least 50 per cent. on account of the height, 30 foot towers for the new tanks as against 110 foot tower supporting the old tank.

During the vacation period, July and August, the children who remained at the School were furnished amusement in various ways, including several moving-picture entertainments, and the usual disNo. 16.

play of fireworks on the evening of July 4th, which was up to the standard of former years, and witnessed by fully as large a number of visitors in addition to the pupils and the persons connected with the School and all seemed to be well pleased.

The employees remained the same as the previous year with the following exceptions: Mrs. Nora L. Van Baman in charge of the Dressmaking Department on account of sickness, was granted a leave of absence for a year or to such a time as she should be able to resume her duties. Miss Helen McLaughlin, her assistant, was placed in charge of the department and Miss Mable Bard as assistant. Mrs. Van Baman not being able to resume her duties during the year Miss McLaughlin and Miss Bard continued the entire year and their management of the department has been entirely satisfactory in every respect. Miss Katharine Rohrbach, assistant in the dining room, resigned, and Miss Flora Gabler was appointed to the place, and Miss Anna M. Greaver was selected to take the place of Miss Lida Youngblood as assistant in the Mending Department. The services of both these employees have been very satisfactory.

The program for Memorial Day exercises was carried out about the same as last year: The Lutheran and Methodist Cemeteries at Greenvillage, 9:30 and 10:00 A. M. Addresses by W. C. Bambrick and Mr. John Howard, who kindly took the place of C. A. Suessrott of Chambersburg, who could not attend on account of sickness, during the afternoon exercises were held at the following cemeteries: Mountain Green, U. B. White Church, Brindles and Witmer's. Addresses by J. Zell Brabson and Parker R. Skinner. In the evening at the Cemetery in Scotland. Address by Col. M. A. Gherst, Past Department Commander G. A. R. and a member of the Commission of Soldiers' Orphans' Schools. Hon. Thad. M. Mahon, to whom is due the credit of having the School conduct appropriate exercises on Memorial Day at these cemeteries some of which had been neglected for many years, could not attend on account of illness and it is needless to state that he was very much missed on this occasion.

The Annual Commencement exercises were held June 23rd, 1914. Many visitors, including the officers of G. A. R. Department of Penna. and members of the Commission were in attendance. At 10:00 A. M. all assembled in the Auditorium for the graduating exercises a class of twenty receiving diplomas. Col. M. A. Gherst, a member of the Commission, and a past Department Commander of the G. A. R., addressed the class in his usual eloquent manner.

At 1:30 P. M., the time set for the Campus Exercises, found many visitors patiently waiting as usual. The exercises consisted of Calisthenics, Drills, etc., by both boys and girls, winding up about 4:30 P. M. by a dress parade, all seemed to be well pleased and many favorable comments were heard from the visitors.

The Auditorium exercises in the evening consisting of music by the orchestra of pupils. Singing by the School, including duets and solos by several pupils. Declamation Contest and addresses by members of the Commission and officers of the G. A. R., including the retiring Department Commander, W. J. Wells, who is not only an honored and faithful member of the G. A. R. but also an instructor of marked ability and known all over this State as one of its leading school men, and always interested in the education of the Soldiers' Orphans.

The Industrial Departments during the year have made a record equal to any in the history of the School, while no particular article was made in either the machine or wood departments as has been the case in some of the school years in the past. The work in general as exhibited was much admired. The neatness and mechanical accuracy of the work was thought by many of the visitors, who were mechanics, to be the best they had ever seen at the School. The School News has been issued regularly during the year every second and fourth Thursday of each month, and all other printing, including the stationary for the School, was done in the Printing Department during the year.

All the necessary uniforms and graduating suits for the boys were made in the Tailoring Department, and all the necessary clothing, including the graduating dresses for the girls, was made in the Dress-

making Department during the year.

The Laundry, Shoe Shop and Mending Room have been success-

fully managed during the year.

The School Band has been a success. (See report of the instructor.)

All employees during the past year have been faithful in the per-

formance of their duties.

In closing permit me to thank you the members of the Commission for many courtesies.

Very respectfully,

WM. H. STEWART, Superintendent.

Scotland, Pa., June 30, 1914.

Mr. Wm. H. Stewart, Supt. S. O. I. S.,

Dear Sir: I herewith submit the nineteenth annual report of the Educational Military and Commercial Department. Quarterly tests in all grades have shown that consistent progress is being made. The policy of directed study and the application of theory to actual practice is kept constantly in mind. Backward pupils as a rule show marked improvement when given the personal attention of an instructor in preparing their lessons.

Neatness and accuracy combined with reasonable speed are required in all written work. Once every two weeks a day is devoted to letter writing. Each pupil is given special instruction in composition,

orthography and punctuation.

The higher grade pupils are given actual practice in the preparation and teaching of lessons in grade classes.

Our annual exhibition of work in writing, drawing and demonstra-

tion of problems was highly creditable.

The Curtin Literary Society has continued to be a factor in the practical and cultural work of the school. Members of the society profited in proportion to the interest manifested and labor expended.

Bi-monthly programs by members of the Society furnished much profitable entertainment for the entire school. The pupils under direction of the teachers prepared suitable programs for the fitting celebration of Thanksgiving, New Years', Lincoln's Birthday, Washington's Birthday, Easter Sunday and Memorial Day.

Daily chapel exercises, Weekly Sabbath School and Girl's Christian

Endeavor Society were continued with regularity.

Rev. W. A. Dickson of Scotland, preached in the school Auditorium on each alternate Sabbath afternoon.

A class of twenty boys and girls was graduated on Tuesday, June 23, and the honor pupils delivered their orations to an appreciative audience.

Col. M. A. Gherst, member of the S. O. School Commission, presented the diplomas and gave a most inspiring and appropriate address to the class.

Commercial Department.

The stenography, typewriting and telegraphy classes maintained

a progressive interest in the work.

A number of capable boys and girls left this department to enter the business world and should be able to render efficient service to those employing them.

Many of these pupils were given considerable actual office practice

and profited by the experience before leaving school.

Military and Physical Culture Department.

Although the boys and girls have been younger on the average, than during many previous years, they have carried out the usual schedule of work in this Department.

The three company battalion learned and practiced the School of the Soldier, School of the Company and School of the Battalion.

Also participating in the various ceremonies in good style.

A complete series of physical culture exercises was mastered and practiced by both boys and girls. Symmetrical development of the body and preservation of health are the prime objects of all these exercises.

Exhibition drills were given a number of times during the year

and elicited much praise from spectators.

Out door sports are encouraged and directed so as to bring the greater good to the greater number. It is ever our constant care to have each pupil show true mauliness and sportsmanship in all games or contests.

Our foot-ball season was very successful, but the epidemic of

measles put a serious handicap on the baseball schedule.

The conduct of the pupils has been good throughout the year.
Thanking you, our honorable Commission and all faithful coworkers for courtesies and assistance, I am,

Respectfully,

W. C. BAMBRICK, Assistant Supt. and Principal. Chambersburg, Pa., Sept. 15, 1914.

Mr. W. H. Stewart, Supt. S. O. I. S., Scotland, Pa.

My Dear Sir: I have the honor to herewith present the annual report of the Medical Department of the Industrial School for the

year just ending.

During the winter months we had the usual number of cases of LaGrippe and Tonsillitis, but all were mild and made good recoveries. Also am glad to state we passed through the year without a single case of pneumonia. During the year we had a series of contagious diseases developed among the children. Measles being the most prominent, having about 200 cases.

Also had a goodly number of mumps, chicken-pox and whooping-cough. Am very glad to report that all made excellent recoveries without complications. In October, Harry Perry developed Typhoid Fever, he made a complete recovery. As we were not able to discover a source of the infection and as no other cases developed,

we believed the infection was from outside source.

During the year we had a boy and a girl operated upon for appendicitis in Harrisburg Hospital, from which they made complete recoveries. On December 24, 1913, Earl Wuenschell was stricken with Diphtheria. He was in a very serious condition from the beginning, and died suddenly from Asphyxia the same evening. No more cases devolped, and we were unable to locate the source of contagion.

In the spring William Gordon and Rachael Maderia, who had been patients at the State South Mountain Sanatorium for over a year, returned to the School entirely cured. We have had during the past year the usual number of minor ills and injuries. Several fractured bones and bad lacerations, but all made rapid and satisfactory re-

coveries.

In closing my report, I wish to thank you and associates for the hearty co-operation and assistance rendered.

I am,

Respectfully,

JOSEPH P. MACLAY, M. D.

Scotland, Pa., June 30, 1914.

Mr. Wm. H. Stewart, Supt. S. O. I. S., Scotland, Pa.

Dear Sir: I have the honor to submit a report of the Band and Orchestra for the year that has just closed. At the beginning of the school term I organized the Band with forty-four members. We had nine new boys in the band. The music we played was by the best authors. We furnished music for drills, and parades, and gave a number of concerts during the winter. On Memorial Day, May 30, I divided the band into two details and furnished music at the following cemeteries: Greenvillage, Mountain Green, White Church, Witmer's and Scotland. We took part in transferring the flags at Harrisburg on June 15, and had the honor of heading the Third

Division, which was the flag division. We were well cared for and the boys all enjoyed the day. They received many compliments for their fine appearance and excellent music. Our Commencement concert was freely spoken of as being the best ever given at the school.

The Orchestra numbered fourteen pieces and furnished music at our annual Commencement.

The boys were kind and obedient, and it was a pleasure to be with them.

In conclusion allow me to thank you and all interested for many courtesies.

Most respectfully,

CHARLES E. MENTZER, Instructor Band and Orchestra.

And whereas, It is incumbent upon the State to continue this pro-

vision for those children who are now hers;

modation in the case of schools or homes for colored orphans.

Section 7. ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1915

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual report of the Soldiers' Orphan Schools Commission having charge of the proper conduct of the schools, authorized and established by the laws of the Commonwealth, for the year ending May 31st, 1915.

This marks the close of the fifty-first year of the existence of these schools, and the twenty-sixth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act

of Assembly, approved May 25th, 1889, and its supplements.

Now that the work of educating the children is concentrated in one school—The Soldiers' Orphan Industrial School at Scotland, Pennsylvania—we find that better results are obtained; as the routine is not interrupted from the time the pupils enter the school until they are graduated, and a better discipline is maintained during their whole course in the school.

There were 416 pupils in attendance at the close of the last school year, and during the year ending May 31st, 1915 thirty-seven were added by admission, while sixty were discharged at the age limit; six were discharged at the request of parents or guardians, and one died, leaving on the roll at the end of the year 386, of which 246 were boys and 140 girls; the full names with dates of birth appear in a table appended to this report, with a record of the military services of their fathers.

The Industrial school has been kept up to its high record of efficiency throughout the year, and under the continued superintendency of Mr. William H. Stewart, aided by Mr. William C. Bambrick as

Assistant Superintendent and Principal, both of whom have been indefatigable in their efforts to promote the welfare of the children. We report that the year closes with the school in perfect working order.

The same careful attention has been given to the moral, educational, industrial and physical training of the children as in former years, and the high standing of the graduates in both intellectual and industrial lines, generally secures for them immediate employment in their chosen profession or trade. The hearty co-operation of all the employes in the good work is acknowledged, and a list of them is appended hereto.

Full tabulated statements of all matters in any way connected with the school, with accounts of all money received and expended, accompany this report, and in conclusion, your Commission earnestly invites every member of the General Assembly, every Grand Army man, the Press and Clergy, as well as every citizen of the State, to visit this school and see the magnificent work and the splendid results achieved; the school is always ready for inspection.

Respectfully submitted, by order of the Commission.

JAMES F. MORRISON, Secretary.

L. G. McCAULEY, Vice President.

REPORT OF THE SUPERINTENDENT.

June 30th, 1915.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.

Gentlemen: I have the honor to submit herewith the twentieth annual report of the Soldiers' Orphan Industrial School, Scotland, Pa. At the beginning of the school year, July 1, 1914, the number of pupils on the roll were as follows: Boys, 259; Girls, 156; total, 415. Number admitted during the year, 38; number discharged, 71; and one death. Number on roll at this date: Boys, 246; Girls, 135; total, 381; loss during the year, 34 pupils.

The general health of the children during the year has been very good, but we were unfortunate in another way. We lost by death one of our best pupils, James Gordon, who died rather suddenly February 14, 1915. For cause of death of James Gordon, and Medical report of the Hospital, I respectfully refer you to the report of

Dr. J. P. Maclay, the school physician.

The following repairs to buildings, furnishings, and equipment were directed by the Commission and all completed during the year:

Renewal of a portion of the concrete walks and some very much needed extra walks, all finished and in good condition at this date.

New carpets in rooms where required. Many of the carpets had been in use since the opening of the school, June 1, 1895, and were badly worn. All such were renewed and at present every room has

a good carpet that will last for many years.

The same condition was found in the boys dormitories, many of the springs and mattresses having been in use since the opening of the school twenty years ago. After careful inspection it was found necessary to replace the springs, which was done, and now they are all equipped with new all-metal woven wire springs, and good hair mattresses. The hair in the old mattresses was renovated and most of it used in the construction of the new ones. The beds in all the pupils dormitories are now in just as good condition as if they were entirely new.

All the inner surface of the walls and the partitions of the building are rough or sand finish, and while some of them have been painted from time to time, yet many of them, particularly in the employee's rooms, were in the same condition as when the building was finished by the contractor twenty years ago. All such have been gone over, cracks plastered and painted in three coats of good

oil paint and are now in first class condition.

Another thing that required going over was the Electric Plant. While the plant was running satisfactorily and furnishing electric current sufficient for our needs, it was doing it at a much greater cost than it should at this time. In fact, the plant in general had become in a manner antiquated, particularly the switch board. Many of the instruments were not being made, had gone out of use and impossible to get repairs when needed. The same was true of the fuses. The dynamos had deteriorated, insulation on same had become hard and

imperfect. After careful consideration it was decided to remodel the plant, remove the 30 K. W. and the 56.25 K. W. dynamos, Long Joek Shaft, Pulleys, Friction Clutches, Belts, etc., and Switch Board, with the instruments, trade them in, and equip the plant with a modern panel switch board, with up to date circuit breakers in place of fuses, and up to date instruments, change the 10" x 10" Harrisburg Belted Engine to a direct connected unit with a 35 K. W. D. C. Inter-Pole Generator, and equip the 16" x 36" Corliss Engine with a 125 K. W. D. C. Inter-Pole Generator, belted direct from the engine. The electric fixtures through the building were in worse condition than anything else in connection with the electric plant, many of them being in a dangerous condition on account of fire, and none of the character that should be used for tungsten lamps. were all changed and new fixtures, all plain and substantial, were installed, and all changes as noted have been completed and the plant is now in first class condition and working satisfactorily in every particular.

The pupils remaining at the school during vacation were furnished amusement during that time; several picture shows, fishing, etc., and the usual display of fireworks on the evening of July 4th, which not only afforded amusement for the children, but for every person in the neighborhood and all seemed well pleased with the display.

There have been several changes in the past year in our employees. two, I am sorry to report, on acount of death, Mrs. Nora L. Van-Baman, who had been in charge of the Dressmaking Department, and Mrs. Jennie Coleman, who had been in charge of the Dining Rooms. Mrs. Van Baman died October 5, 1914, and Mrs. Coleman January 15, 1915. Both had been in the work for many years at this school and were honest, capable, and conscientious employees, admired and respected by pupils and employees and their death cast a gloom over the entire school.

Miss Helen McLaughlin, who had been assistant in the department for a number of years and who had been in charge during the illness of Mrs. Van Baman was appointed permanently and Miss Mable Bard was selected as assistant, and filled the place until February 28, 1915, when she resigned and Miss Jane Byers was selected

to take her place until the close of the school year.

Miss Jennie Clesner who had been filling the position of matron in the boys' dormitories, was transferred to take Mrs. Coleman's place in charge of the dining rooms, and Miss Emma Metz appointed

to take charge of the boys' dormitories.

Miss Katharine Hocker, nurse, resigned October 31, 1914, and Miss Blanche Sellers was appointed in her place and served in that capacity until May 10, 1915, when she resigned, only giving us three days notice, and Miss Lottie Mellon, one of our ex-pupils and a graduate registered nurse, consented to take the place until June 20th, giving us time to select a permanent nurse, which we did in the person of Miss Mary Watson, of Philadelphia, who is in charge of the hospital, and while she has only been in charge about ten days, she came highly recommended and from the way she started in, there is no doubt about her being fully competent and will add one more to our faithful corps of employees.

Memorial Day was observed about as usual and in accordance with the custom of the Grand Army of the Republic. A delegation of pupils including two buglers, started out in the morning and placed flowers on the graves of all the soldiers in the following cemeteries: Mountain Green, White Church, Brindles and Witmers; sounding taps at each. The band and boys battalion marched to Greenvillage and held appropriate exercises at the Lutheran and Methodist cemeteries, and in the evening the entire school marched to the cemetery in Scotland, where the memorial address of the day was delivered by the Rev. W. A. Dickson.

The annual commencement exercises were held June 22, 1915, all the members of the Commission being present except three who for various reasons, were unable to be present. Many other visitors, including quite a number of prominent members of the G. A. R., were

present.

At 10:00 A. M. all assembled in the Auditorium for the graduating exercises, a class of twenty-seven pupils receiving diplomas.

Campus exercises started promptly at 1:30 P. M., consisting of Indian club swinging, dumb bell and free calisthenics by both boys and girls. First number, inspection of the battalion by the Commission and others; last number, dress-parade. All passed off on

schedule time and without a hitch of any kind.

The evening exercises in the auditorium at eight o'clock. Singing and music by school and orchestra of pupils, including several solos and duets, and addresses by members of the Commission and several prominent G. A. R. members, and Declamation Contest, closing the entertainment at 10:30 by the entire school singing the Star Spangled Banner, all feeling that we had finished a commencement day equal to any in the history of the School.

Work in the several industrial departments during the past year has been fully up to the standard. The articles on exhibition in the Machine and Wood departments gave undisputed evidence of the

success of the pupils in their work of the year.

The Printing Department also had on exhibition some of the work of the pupils and it received many favorable comments. The "School News" has been issued regularly every second and fourth Thursday during the year, many of our visitors being subscribers. Also all necessary printing for the school is done in this department.

The Tailoring, Dressmaking, Mending, Shoe and Laundry Departments would naturally have very little on exhibition, as the work in these departments is necessary in the running of the school. They

have all been managed successfully during the year.

The band and orchestra have been fully up to the standard of the past, membering forty-two members, ranging in age from eleven to seventeen years. Music was furnished for all drills and entertainments during the year including several concerts by the band, and it also furnished music for an entertainment in Chambersburg under the management of the Thespian Club for the benefit of the Belgian sufferers, and Memorial Day exercises. Some of the instruments were found to be in bad condition and the same were replaced by new ones as follows: five cornets, six clarinets, one piccolo and four slide trombones. All band instruments are now in first class condition.

The orchestra, which is composed of fifteen members of the band, using the following instruments: four violins, two clarinets, one piccolo, two cornets, one trombone, two horns, one bass and two drums, gave a good account of themselves during the year.

For the Educational, Military and Commercial departments reports I would respectfully refer you to the detailed report of W. C. Bambrick, Ass't. Superintendent and Principal. The assignment of pupils to the industries have been followed the same as for several years past.

All employees have been faithful in the performance of duties dur-

ing the year.

In conclusion I wish to thank the members of the Commission for many courtesies.

Very respectfully,

WM. H. STEWART, Superintendent.

EDUCATIONAL DEPARTMENT.

Scotland, Pa., June 30, 1915.

Mr. Wm. H. Stewart, Supt. S. O. I. S.,

Dear Sir: I herewith submit the twentieth annual report of the Educational, Military and Commercial Departments. For the first time in many years the schools have been reduced to a normal working population. The past year has given the instructors an excellent chance to do good work and the results have been gratifying. Frequent examinations are held, and the brightest and most ambitious pupils given every opportunity for advancement. We have continued the policy of directed study and find that it is particularly beneficial to the more backward pupils. Teaching a child how to study, we feel, is of great importance and when this is done, the other educational processes are very much simplified.

Once in two weeks, a day is given to letter writing. This day is made to serve the purpose, of permitting each child, to communicate with relatives or friends and give practical drills in composition,

orthography and punctuation.

All pupils of the High School grades, are given actual teaching practice in grade classes.

Written work is required in all grades and a limited amount of

drawing done in each grade.

The Curtin Literary Society continued its good work of past years, and the members derived much benefit from the experience and drill it afforded. The public programs of the society furnished much profitable entertainment. Under the direction of the teachers suitable exercises for all important holidays were prepared.

Chapel exercises were held each evening of the week except Sat-

urday.

The Sabbath School Classes were instructed regularly, and devotional exercises held each Sabbath morning. Rev. W. A. Dickson, of Scotland, preached in the School Chapel once every two weeks.

A class of 27 boys and girls was graduated on Tuesday, June 22nd. Six of the honor pupils delivered their orations before a large audi-

ence of pupils, officials and friends of the school.

Gen. Thomas J. Stewart, a former member of the S. O. School Commission, and in close touch with our system for the past twentyfive years, addressed the graduates and presented the diplomas. The address was appropriate, eloquent and instructive.

Commercial Department.

About thirty pupils were given instruction in stenography, type-writing and telegraphy. They all made satisfactory progress and the members of the graduating class from this department left school well prepared to earn a livelihood.

Much of the stenography and typewriting, incident to the school business, is done by advanced pupils and they have shown a fair

degree of efficiency.

Military and Physical Culture Departments.

The ages of the children under instruction vary from six to eighteen. Drill periods suited to the strength and needs of different groups were arranged. Rapid and well balanced development seems to follow naturally.

A three company infantry battalion, with a full compliment of

cadet officers, formed the basis of the military instruction.

A complete series of physical culture exercises was mastered and practiced regularly during the entire school year by both boys and girls.

Several pieces of apparatus were installed in the gymnasium and used with good results. The traveling rings and horizontal ladders give a development impossible to give in the usual class or campus exercises.

Out door sports are encouraged and supervised.

We believe some of the very best ethical training can be given on the athletic field and playground. Interscholastic contests in base ball and foot-ball were held, and our teams were usually successful against their opponents. These games furnished much open air entertainment for the entire school.

The conduct of the children has been generally good.

Thanking you, our honorable commission, and my faithful coworkers for courtesies and assistance, I am,

Respectfully,

W. C. BAMBRICK, Assistant Supt. and Principal.

MEDICAL DEPARTMENT.

June 30, 1915.

Mr. W. H. Stewart, Supt., Soliders' Orphan Industrial School. Scotland, Pa.

My Dear Sir: I have the honor to herewith present the annual report of the Medical Department of the Industrial School for the year

just ending.

We had an exceptionally healthy year, no contagious diseases at all. Two cases of typhoid fever in a mild form developed last September. No doubt they were brought back from home, as it was shortly after the return of the children and also our water and milk supply, which was examined, was found to be pure in every respect.

During the winter the usual number of cases of LaGrippe and Tonsillitis developed but all were mild and made complete recoveries.

Unfortunately one of the large boys, James Gordon, who had been sick in the hospital several times with Rheumatism, died suddenly on February 14, 1915 from Endocarditis.

Another boy, Edward Babbitt, developed Pulmonary Tuberculosis and was sent to the State South Mountain Sanatorium. From re-

ports he is rapidly improving and will soon be back cured.

Two children, a boy and a girl, were taken to Wills Eye Hospital, Philadelphia, Pa., for a minor operation and treatment, both returning completely cured.

During the year we had the usual number of minor ills and injuries, but all made rapid and complete recoveries.

In closing my report I wish to thank you and associates for the hearty co-operation and assistance rendered.

> Respectfully, JOSEPH P. MACLAY, M. D.

schools of the Commonwealth.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1916

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual report of the Soldiers' Orphan Schools Commission having charge of the proper conduct of the schools, authorized and established by the laws of the Commonwealth, for the year ending May 31st, 1916.

This marks the close of the fifty-second year of the existence of these schools, and the twenty-seventh year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of Assembly, approved May 25th, 1889, and its supplements.

It is with sorrow that we record the death during the past year of one of our members, Colonel Milton A. Gherst, who died January 18th, 1916. He was a very useful member of this Commission who gave faithful service to its work, and he will be greatly missed.

It gives us pleasure to report that the work in the one remaining school, Soldiers' Orphan Industrial School, Scotland, Franklin County, Pennsylvania, has gone steadily forward, and that the state of efficiency of the school has never been at a higher standard than at the present time. Under the continued superintendency of William H. Stewart, aided by William C. Bambrick as Assistant Superintendent and Principal, with the faithful and earnest co-operation of all the employees, the good results are obtained. While the population of the school is slowly decreasing it gives the opportunity for those in charge to give closer personal attention to their education and training. The present year started with three hundred and eighty-six pupils, to which were added forty-two by admission. Seventy-nine have been discharged, seventy-three by age limit and six by order, at the request of their parents or guardians, leaving the present

membership three hundred and forty-nine, two hundred twenty-four boys and one hundred twenty-five girls. A complete list of the pupils appears in the table in this report, together with a record of the military services of their fathers. The financial report of the Treasurer shows the receipts and disbursements for the year, and the purchase of needed supplies has been carefully looked after by a Committee of the Commission.

Careful attention has been given to the moral, educational and physical training of the children, as in former years. The high standing of the graduates, in both intellectual and industrial lines, generally secures them immediate employment in their chosen professions or trades. The hearty co-operation of all the employes in the good work is acknowledged. A list of them is appended hereto. The Committee on Property has had a careful supervision over the buildings and grounds, and everything about the school is now in first-class condition.

Full tabulated statements of all matters in any way connected with the school, with accounts of all money received and expended, together with copies of all laws governing the school are appended to this report, and your Commission earnestly invites every member of the General Assembly, every Grand Army man, the Press and Clergy, as well as every citizen of the State, to visit the school and see the good work and the splendid results achieved. The school is always ready for inspection.

Respectfully submitted by order of the Commission.

JAMES F. MORRISON, Secretary. L. G. McCauley, Vice-President.

REPORT OF THE SUPERINTENDENT.

June 30, 1916.

Commission of Soldiers' Orphans' Schools, Harrisburg, Pa.

Gentlemen: I have the honor to submit herewith the twenty-first annual report of the Soldiers' Orphans' Industrial School, Scotland, Pennsylvania.

At the opening of the school term, July 1st, 1915, pupils on the roll: Boys, 246; Girls, 135; total, 381. Number admitted during the year, 39. Number discharged, 74. Number on the roll June 30, 1916, 348. The health in general for the past year has been excellent, the best in the history of the School. During the winter months we had the usual number of cases of la grippe and tonsilitis, one case of pneumonia and one case of erysipelas, all making quick recovery; several cases sent to Wills Hospital. Philadelphia, for eye trouble; one fractured collar bone and one fractured arm; three operations for adenoids and tonsils in our own hospital; and one girl, Mary Cart, was operated on for a deformity of the feet at the Episcopal Hospital, Philadelphia. Before the operation it was almost impossible for her to walk; after the operation, by the use of braces and special shoes, she can walk around the same as the other children.

There has been no special repairing done to the buildings or property during the year, only the necessary repairs to keep the same in good condition.

During the vacation period the children remaining at the School were furnished amusement in various ways, such as picture shows, fishing, etc., and the usual display of fireworks on the evening of July 4th, pleasing not only the children, but many other people who were fortunate enough to be present and witness the display.

There has been but one change in the employees during the year, Clarence A. Robinson, Teacher of Stenography and Typewriting, resigned, and J. Russell Hile was appointed to the place, and has performed the duties in a very satisfactory manner.

Memorial Day was observed in the usual manner and according to the custom of the Grand Army of the Republic. Delegations visited the following cemeteries in the morning and placed flowers on the soldiers' graves and sounded taps: Mountain Green, White Church Brindles, Witmers and Lutheran and Methodist at Green Village. In the afternoon the band and the boys' battalion attended Memorial No. 16.

Day exercises at Shippensburg, leaving here at 1:20 P. M., returning at 5:00 P. M. At 6:00 P. M. the entire School, as is their custom, headed by the band, marched to Scotland, and in the cemetery there held what we term our own Memorial Day exercises. After appropriate music by the school, Hon. Norman L. Bonbrake delivered a very impressive address, followed by the benediction by Rev. W. A. Dixon, ending the exercises of the day.

The Annual Commencement exercises were held June 20, 1916, with all the members of the Commission present except two, who were unable to attend, one on account of sickness and the other on account of an important business engagement. A large number of visitors, among them many members of the Grand Army of the Republic, were present, and all enjoyed the exercises. At 10.00 A. M. the entire school, and as many visitors as could be accommodated, assembled in the Auditorium for the Graduating Exercises. The Class consisted of fourteen pupils, all receiving diplomas, presented by the Rev. George A. McAllister, of Chambersburg, Penna. The exercises on the campus started promptly at 1:30 P. M., with an inspecction of the boys' battalion by the Members of the Commission, prominent members of the Grand Army of the Republic, including the Department Commander, L. F. Arensburg and staff, and several National · Guard Officers, following in their order as per the program. Indian Club Swinging, Dumb Bell Exercises and Free Calisthenics by both boys and girls, closing the afternoon exercises with dress parade at 5:00 P. M. All assembled in the Auditorium at eight o'clock for the evening entertainment, consisting of music by the school, girls' choir, and orchestra of pupils, solos, duets and a declamation contest, closing at 10:30 P. M. by the entire school and visitors rising and singing the Star Spangled Banner, being the last number on the program and end of one more successful annual commencement and school year.

Work in the several Industrial Departments has been up to the standard of former years, the exhibits in the Wood and Machine Departments being a fine sample of what can be accomplished by boys and girls when they are properly directed. The Printing Department during the year issued the School News regularly every second and fourth Thursday and did all other printing required for the School All the exhibit this department had to offer was copies of the School News and an invitation for everybody to subscribe for the paper and note the work in each issue. The Tailoring, Dressmaking, Mending Shoe Repairing and Laundry Departments were all managed successfully during the year. Like the Printing Department, they had nothing to exhibit except the condition of the pupils, as they make prac-

tically all their clothing, do the repairing and keep them clean. The assignment of pupils to the industrial departments is the same as former years.

The Band and Orchestra were, as usual, important features in all exercises during the year, particularly on Memorial Day and at Annual Commencement. The one disappointment during the year was the trip to Harrisburg to furnish music for the parade of the Grand Army of the Republic at their fiftieth Anniversary. The parade was abandoned on account of rain. The band numbered forty pieces and the orchestra fifteen pieces.

In closing this, what I believe to be a report of at least one of the most successful years in the history of the School, it has not been without periods of sadness, as we were called upon to mourn the death of three prominent members of the Commission, members for many years and frequent visitors at the School, Col. M. A. Gherst, Hon. Thad. M. Mahon and Col. James F. Morrison. It is needless to state that they are all missed by pupils and employees alike.

All employees during the year have been faithful in the performance of their duties.

Thanking the Commission for many courtesies, I am

Respectfully,

WM. H. STEWART, Superintendent.

EDUCATIONAL DEPARTMENT.

Scotland, Pa., June 30, 1916.

Mr. Wm. H. Stewart, Supt. S. O. I. S.

Dear Sir: I herewith submit the twenty-first annual report of the Educational, Military, and Commercial Departments.

The average age of pupils in the school has been reduced by the admission of younger children and the graduation of pupils on reaching the age limit. No material change has been made in the curriculum or methods during the past year. The general health of the pupils has been excellent thus enabling the classes to be conducted with but few interruptions. A system of directed study periods and of frequent tests has been continued with satisfactory results.

Special attention has been given to composition and letter writing. A majority, of the pupils in each grade, learns to write clear, concise and intelligent letters. Each pupil in the High School grades is required to conduct classes in grade work and we often find them taking renewed interest in their own studies after a few teaching experiences.

Both written and oral work are required and a limited amount of drawing is taught in each grade.

The Curtin Literary Society was reduced in numbers but did excellent work throughout the year. The training afforded in research, compiling of material and its presentation in public is of exceptional value to the members.

Daily chapel exercises and weekly Sabbath School classes have been maintained regularly. Rev. W. A. Dixon preached in the School Auditorium once every two weeks.

A class of fourteen was graduated on Tuesday, June 20. Five honor pupils delivered their orations at the public exercises. Dr. Geo. A. McAlister, pastor of the Central Presbyterian church of Chambersburg addressed the class and presented the diplomas.

Commercial Department.

A class of twenty of the advanced pupils were given courses in telegraphy, stenography and typewriting, and made satisfactory progress.

It was deemed advisable to introduce the Gregg system of stenography and the touch system of typewriting was practiced during a greater part of the year. Special text books on business spelling are in use and should add to the efficiency of the pupils in their work.

Military and Physical Culture Department.

Military and physical culture drills have been made a part of each school days routine. Short periods of exercise, often repeated, give better results than long tiresome drills.

The basis of the military drill was a two company infantry battalion. Preparedness movements over the country in general added zest to all exercises of this nature, and while the children were younger than in former years, the drills were never more accurate.

The physical development in both boys and girls has been all that could be desired, and a coordination of mind and muscles was apparent to a marked degree.

Out door sports were encouraged and the entire student body derived much benefit from this recreation. The sports of the year consisted of base-ball, foot-ball, tennis, croquet, skating, swimming, etc.

Owing to the number of younger children the discipline has been tedious but light. The general conduct has been good.

Thanking you, our honorable commission and coworkers for courtesies and assistance, I am

Respectfully,

W. C. BAMBRICK, Asst. Supt. and Principal.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1917

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual report of the Soldiers' Orphan Schools Commission having charge of the proper conduct of the schools, authorized and established by the laws of the Commonwealth, for the year ending May 31st, 1917.

This marks the close of the fifty-third year of the existence of these schools, and the twenty-eighth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of Assembly, approved May 25th, 1889, and its supplements.

During the past year we have lost by death two of the most active and useful members of our Commission, viz:—Thaddeus M. Mahon, who served as Treasurer since 1906, and James F. Morrison, who served as Secretary since 1901. Both of these men gave the best that was in them for the benefit of the schools, and they are greatly missed from our councils.

The vacancies were filled by the appointment of W. F. Hambright as Treasurer, and Samuel P. Town as Secretary.

It gives us pleasure to report that the work in the one remaining school, Soldiers' Orphan Industrial School, Scotland, Franklin County, Pennsylvania, has gone steadily forward, and that the state of efficiency of the school has never been at a higher standard than at the present time. Under the continued superintendency of William H. Stewart, aided by William C. Bambrick as Assistant Superintendent and Principal, with the faithful and earnest co-operation of all the employees, the good results are obtained. While the population

of the school is slowly decreasing it gives the opportunity for those in charge to give closer personal attention to their education and

training.

The present year started with three hundred and forty-nine pupils, to which were added thirty-eight by admission. Fifty-six were discharged, thirty-six on age and twenty by order—on the request of their parents—and two died, both from inherited troubles, which they could not overcome. This leaves the population three hundred and twenty-nine, two hundred and eight boys, and one hundred and twenty-one girls. A complete list of the pupils appears in the table in this report, together with a record of the military service of their fathers. The financial report of the Treasurer shows the receipts and disbursements for the year and the purchase of needed supplies has been carefully looked after by a Committee of the Commission.

Careful attention has been given to the moral, educational and physical training of the children, as in former years. The high standing of the graduates, in both intellectual and industrial lines, generally secures them immediate employment in their chosen professions or trades. The hearty co-operation of all the employes in the good work is acknowledged. A list of them is appended hereto. The Committee on Property has had a careful supervision over the buildings and grounds, and everything about the school is now in first-class condition.

The careful military training given to the boys during their school days has shown its great benefit in the present world crisis by the enlistment of very many of its pupils and some of its teachers in the various departments of the military service of the United States, a list of which has been printed in the "School News," issued at the school by the pupils.

The report of the Superintendent appended hereto gives a detailed account of the working of the school, and also full tabulated statements of all matters in any way connected with the school, with accounts of all money received and expended, together with copies of all laws governing the school are appended to this report, and your Commission earnestly invites every member of the General Assembly, every Grand Army man, the Press and Clergy, as well as every citizen of the State to visit the school and see the good work and the splendid results achieved. The school is always ready for inspection.

Respectfully submitted by order of the Commission.

SAMUEL P. TOWN,

Secretary.

L. G. McCAULEY,

Vice-President.

REPORT OF THE SUPERINTENDENT.

Scotland, Pa., June 30, 1917.

Commission of Soldiers' Orphans' Schools, Harrisburg, Pa.

Gentlemen: I have the honor to submit herewith the twenty-second annual report of the Soldiers' Orphans' Industrial School, Scotland, Pa.

At the beginning of the school year, July 1, 1916, there were 348 pupils on the roll, admissions during the year 36, discharged 58, deaths 2, at present on the roll 324.

On account of the state quarantine for Infantile Paralysis at the time we should have opened the school, September 1, 1916, we were delayed one month, the pupils away on vacation were not permitted to return until September 28th. While this was unfortunate and somewhat of a detriment to the pupils, we were in a manner fortunate for the reason that with the great number of children through the state who were taken with the disease, not one of our pupils took it either those who were away on vacation or those who remained at the school during vacation period.

The general health of the pupils during the year has been very good despite the fact that we have had two deaths, Walter Bingham died March 12, and Earnest Space April 25. As to the details and cause of these deaths see the report of Dr. Joseph P. Maclay, the School Physician.

During the year there has been no special repairs to the buildings or property, with the exception of the flag pole. The old flag pole in front of the Administration Building after years of service was found to be in very bad condition from what is termed dry rot, and after a very careful inspection was considered unsafe. A new steel flag pole was purchased; the old wood pole was removed and the steel pole erected in its place, this new pole is 105 feet from the ground to the top and is certainly a very great improvement over the old one, and I feel sure will last for many years.

The children remaining at the school during vacation were amused in various ways as usual, several picture shows, fishing, etc., and the customary display of fireworks on the evening of July 4, which was a great success and not only a pleasure to the children but to the many visitors who were present to witness the display.

There has been several changes in the list of employes during the year. Parker R. Skinner and Margaret Brisbin, two of our teachers,

resigned to take up other work. Both had been on our teaching force for many years always performing their duties in the most satisfactory manner. Their places were not filled on account of the decrease in the number of pupils on the rolls. Jacob P. Youst, the farmer who had been here for about twenty-one years, resigned April 1, 1917, on account of failing health. H. F. Craig was appointed to the position. Mr. Youst was a faithful employe. His twenty-one years of servce were noted in particular for one thing up to the time his health began to fail; he was never off duty and never took a vacation. While Mr. Youst is a man well up in years it is the wish of all his friends at the school that he will regain his health and enjoy many years of well earned rest. His successor, Mr. Craig, being a practical farmer is filling the position in a very acceptable manner and the indications are that the products of the farm and garden will be fully up to, and may possibly exceed the yield of last year. J. Russell Hile, teacher of Telegraphy, Stenography and Typewriting, resigned May 31, 1917, to enter the army for the war. He enlisted in the Medical Reserve Corps, and was immediately sent to Texas. From letters received from him by his friends at the school he is no doubt making good, and we see no reason why he should not make good at anything he undertakes. While he was only with us a little over a year he was here long enough for us to find that he was an honest, faithful and capable young man of good character and physique, and will no doubt give a good account of himself during his service for his country. His successor has not as yet been appointed.

The Memorial Day exercises were carried out as usual and in accordance with the custom of the Grand Army of the Republic. The following cemeteries were visited during the day and flowers placed on the soldiers' graves and taps sounded. Mountain Green, White Church, Brindles, Witmers, Lutheran and Methodist at Green Village. At 6 P. M. the entire school, headed by the band, marched to Scotland and in the cemetery there held our regular Memorial Day exercises, consisting of appropriate music by the school, and an able address delivered by the Rev. George A. McAlister, of Chambersburg, followed by the benediction by Rev. W. A. Dickson.

The Annual Commencement exercises were held June 26, 1917, and were attended by an unusual large number of visitors, including the members of the Commission and many prominent members of the Grand Army of the Republic. Houston Post of Chambersburg, attending in a body, and delegations from the Posts at Harrisburg, Carlisle, Shippensburg, Greencastle, Waynesboro and Mercersburg. At 10 A. M. the entire school and all visitors that could be accommodated, assembled in the Auditorium for the graduating exercises. A class of 21 pupils received their diplomas presented by Hon. Norman L. Bonbrake, of Chambersburg, Pa., in a most eloquent address.

The campus exercises started promptly at 1.30 P. M. with the inspection of the boys batallion by the members of the Commission, a large delegation of members of the Grand Army of the Republic and officers of the National Guard of Pennsylvania. The balance of the program following as arranged including: Dumb bell exercises, Indian club swinging, and free calesthenics by both boys and girls. The closing number being dress parade at 5 P. M. At 8 P. M. all assembled in the auditorium to witness the evening exercises, consisting of music by the school, girls' choir, and pupils orchestra, solos, duets and a declamation contest, closing at 10.30 P. M. The last number on the program was singing of the Star Spangled Banner by the entire school and visitors all rising and many waving small flags. I doubt very much if the Star Spangled Banner was ever sung with more enthusiasm than on this occasion being a fitting end to another annual commencement and successful school year.

Progress made in the several industrial departments during the year have been fully up to the standard of previous years. The Machine and Wood Department exhibits furnish ample proof of the progress made by the pupils in all the departments. The balance of the departments, unfortunately for them, could not make an exhibit of their work for the reason that it consists principally in the clothing and continual care of the children during the year. The tailoring, dressmaking, mending, shoe repairing, laundry, and printing departments have all been successfully managed. The School News has been issued every second and fourth Thursday regularly as well as all other printing required for the school.

While the members of the band numbered five less than the previous year it did not appear to make any material difference. In all the years of the school we never had a band that surpassed this one. They had several trips away during the year. Furnished the music for the following: The inauguration of E. D. Warfield, President of Wilson College, Chambersburg; Odd Fellows parade and the patriotic parade at Chambersburg, Pa., and the patriotic parade at Harrisburg. At the latter place they furnished music for the division of State Capitol Departments of Harrisburg. In addition they as usual entertained the school during the year with several concerts that were enjoyed by everybody.

All employes have been faithful in the performance of their duties. In closing permit me to thank the members of the Commission for many courtesies. I am,

Respectfully,

WM. H. STEWART, Superintendent.

Scotland, Pa., June 30, 1917.

Mr. Wm. H. Stewart, Superintendent.

Dear Sir: I herewith submit the twenty-second annual report of the Educational, Military, and Commercial Departments.

Neither the total enrollment nor the average age of pupils changed materially from that of last year and the same course of study was followed.

The corps of teachers was reduced by reason of the resignation of Mr. Parker R. Skinner and Miss Daisy Brisbin. Both have rendered excellent service to the S. O. School system during a period of several years and it was with regret we were compelled to lose them. We extend best wishes to them in their new fields of labor.

The State infantile paralysis quarantine delayed the return of pupils from vacation until October 2nd. Examinations for promotion were held during the first week in February and the second week in June respectively. Pupils in the grades made satisfactory progress in all branches. War conditions gave zest to the study in geography and history. Daily papers and magazines were eagerly sought by pupils in their desire for knowledge of current events.

Members of the Curtin Literary Society did much useful reading in preparation for their programs, and their meetings were both entertaining and instructive. The annual speaking contest brought out work fully up to the standard of past years. Training received in this society, adds much to the capabilities of those delivering the honorary orations on Commencement Day.

Each day was closed with chapel exercises consisting of Scripture reading, song and prayer. Sabbath school for all grades was maintained regularly and Rev. W. A. Dickson preached in the school auditorium once every two weeks.

On Sunday after June 24th, Rev. J. C. Nicholas, pastor of the First Lutheran Chruch, of Chambersburg, preached a most edifying baccalaureate sermon.

A class of six girds and fifteen boys was graduated on June 26th. Hon. Norman L. Bonbrake presented the diplomas and addressed the class in his usual eloquent and polished manner.

COMMERCIAL DEPARTMENT.

Nineteen of the advanced pupils were given courses in telegraphy, stenography and typewriting and made satisfactory progress. The Gregg system of stenography was continued and all graduates from this department had acquired a reasonable proficiency.

Mr. J. Russel Hile, the competent instructor from this department, enlisted in the U. S. Medical Corps on May 30th, and has been assigned to do clerical duty at Camp Wilson, Texas.

MILITARY AND PHYSICAL CULTURE DEPARTMENT.

Military and physical culture drills are required of all pupils with exercises suited to the various ages.

The girls classes in free calesthenics, Indian clubs and dumb bells were highly developed and besides being safeguards to health, made beautiful exhibition drills. A two company battalion organization formed the basis of military drills and ceremonies.

Boys physical culture classes in free calesthenics, Indian clubs and with rifles, made up an effective course.

Outdoor sports were maintained and encouraged with good results. base ball, foot ball, tennis, croquet, skating and swimming fill the various seasons with health and pleasure.

As a rule the pupils have been readily obedient and cheerfully accepted the necessary discipline put upon them.

I wish to thank you, our honorable Commission, and our loyal coworkers for courtesies and assistance. I am,

Respectfully yours,

W. C. BAMBRICK,
Asst. Superintendent and Principal.

July 12, 1917.

Mr. W. H. Stewart,

Supt. S. O. I. S., Scotland, Pa.

Dear Sir: I have the honor to herewith submit the annual report of the Medical Department for the year just ended.

During the winter months we had the usual number of cases of la grippe and tonsillitis, but all were mild and made good recoveries. Also am glad to state that during the past year we did not have a single case of contagious disease.

We'had two deaths in the last year, both occurring in the spring. Walter Bingham was admitted to the hospital on the 17th of January with organic heart disease, he continued quite sick with same, showing improvement at times, until March 12th, when he died. Ernest Space was suddenly stricken on March 25th with intussusception, he was taken to the Chambersburg hospital where he was operated upon the same evening, he recovered nicely from the operation, and was making a good recovery, when on April 25th intestinal complications ensued, when he was again operated upon and died a few hours following the operation.

We also had an unusual occurrence in May, 1917, when seven cases of pneumonia developed, all the cases were quite serious, but am very glad to state that all made complete recoveries in the usual time. We were well equipped to give these cases the attention required, in that we had two extra nurses to help.

Two boys, George Davis and Arthur McCarty, were operated upon in June in the Chambersburg hospital for minor ailments; both recovered rapidly. Several children with eye trouble were treated in the Wills Eye Hospital in Philadelphia, they returned fully recovered. Several cases of fracture of forearm occurred during the year, but all recovered in the usual time, with no complications. Also had a number of sprains and minor ills and injuries during the past year.

At present there is only one patient in the hospital, Howard Foster, who has been under treatment for several months for organic heart disease.

In closing my report, I wish to thank you and associates for the hearty co-operation and assistance rendered. I am,

Respectfully,

JOSEPH P. MACLAY, M. D.

ANNUAL REPORT

OF THE

Pennsylvania Commission of Soldiers' Orphan Schools

FOR THE

YEAR ENDING MAY 31, 1918

To the General Assembly of the Commonwealth of Pennsylvania:

Gentlemen: As required by the Act of Assembly, we submit herewith the Annual Report of the Soldiers' Orphan Schools Commission having charge of the proper conduct of the schools, authorized and established by the laws of the Commonwealth, for the year ending May 31st, 1918.

This marks the close of the fifty-fourth year of the existence of these schools, and the twenty-ninth year of their management by the Soldiers' Orphan Schools Commission, under the provisions of the Act of Assembly, approved May 25th, 1889, and its supplements.

The year just closed has been one of considerable anxiety to the members of the Commission, owing to the fact that an epidemic of contagious diseases, embracing small-pox, measles, diphtheria, chicken-pox and pneumonia, swept through the school, from which all recovered but two, and they were already diseased; and also to the great increase in the price of everything that goes toward the maintenance of the pupils. The report of the expenditures shows a gradually increasing scale of prices, and proves that the appropriation for the current two years ending June 1st, 1919, will be exhausted long before that period.

It gives us great pleasure to report the high standing of the school that has been maintained during the past year, and in all its departments, industrial, commercial, literary and military—a high state of efficiency was reached, and the graduating class was a great credit to the management and the instructors.

The military instructions given the pupils at the school fitted them to enter the United States Service in the World's War, and there is inscribed on the Roll of Honor one hundred and fifty-two names, including one woman, who graduated at the Soldiers' Orphan Schools, and there are perhaps others who have been lost sight of.

The reports of the Superintendent, the Principal, the Physician and other officers is appended, and give details in their several departments.

A list of all the pupils is appended, in which the names and military service of their fathers is included; also tabulated statements of all receipts and expenditures, and such other information as will be of interest to your Honorable Body, including copies of all laws governing the management of the school, and your Commission earnestly invites every member of the General Assembly, every Grand Army man, the Press and Clergy, as well as every citizen of the State to visit the school, and see the good work and the splendid results achieved. The school is always ready for inspection.

Respectfully submitted by order of the Commission.

SAMUEL P. TOWN,

Secretary.

L. G. McCAULEY, Vice President.

REPORT OF THE SUPERINTENDENT.

Scotland, Pa., June 30th, 1918.

Commission of Soldiers' Orphan Schools, Harrisburg, Pa.

Gentlemen: I have the honor to submit herewith the twenty-third annual report of the Soldiers' Orphan Industrial School, Scotland, Penn'a.

At the beginning of the school year, July 1st, 1917, there were three hundred and twenty-four pupils on the roll; during the year there were admitted thirty, discharged sixty-five, and two deaths, leaving at present on the school roll two hundred and eighty-seven pupils.

As to the health of the children, the year will long be remembered by everyone connected with the school. In addition to the usual ailments sure to come among three hundred children, we were very unfortunate. Early in the fall of 1917 a case of Measles was discovered, and that was followed by others, resulting in an epidemic, not only of Measles, but Scarlet Fever, Chicken Pox, Pneumonia, Diphtheria, and finally Small Pox. This retarded the work and progress considerably in both the school and industrial departments, and was the cause of extra expense to the school. We were compelled to employ temporarily three extra nurses, but with all that we came through with only one death. For details, see report of the School Physician, Dr. Joseph P. Maclay.

The buildings and property are in a fair condition, no repairs except those absolutely necessary being made during the year. The increased cost of labor and material made it necessary that we keep our repair expense down to the minimum, doing practically all the repairing with our own regular employes.

In addition to the customary display of fireworks on the evening of July 4th, the children who remained at the school during vacation were amused in various ways, including several picture shows, and I feel safe in stating that the children who remained at the school enjoyed their vacation as much as those who went away.

There have been several changes in the employes during the year. J. Zell Brabson resigned before the opening of the school, and Robert D. Maclay was appointed to succeed him as a teacher. Clarence Robinson, Instructor in Stenography and Typewriting, also resigned, and not being successful in finding a suitable instructor for those branches, Sherman Cross, the most advanced pupil, was placed in charge and carried the work along until he was discharged from the school, having reached the age of eighteen years April 20th, 1918, at which time he was regularly appointed to the position. George

Fuller, the night engineer, resigned in March, 1918, and H. E. Wingert was appointed to the position. Phil M. Johnson, the Assistant Military Instructor, resigned in May, 1918, having been drafted for service in the United States Army. Virgil H. Sweet, a graduate of the school, was appointed to fill this position. All the new appointees are giving satisfaction in their respective positions.

Memorial Day, 1918 was observed as usual, and in accordance with the custom of the Grand Army of the Republic, the following cemeteries were visited in the morning, and flowers placed on all the soldiers' graves and "Taps" sounded:—Mountain Green, White Church, Witmers, Brindles, Lutheran and Methodist at Green Village. In the afternoon the Band and Boys' Battalion went to Chambersburg and joined Housum Post, G. A. R. in their ceremony. In the evening, on account of rain, we were compelled to abandon our customary exercises in the Scotland Cemetery, and held same in the Auditorium. The program was carried out the same as if we had gone to the Cemetery, there being appropriate music by the school and an address by the Rev. W. F. Shriner of Waynesboro, which was very ably delivered and far above the average on such an occasion.

The annual commencement exercises held June 25th, 1918 were witnessed by a large number of visitors, including the members of the Commission, Housum Post, G. A. R. of Chambersburg in a body, and members of the Grand Army of the Republic not only from this locality, but many other parts of the State. The entire school, and as many visitors as could be accommodated, assembled in the Auditorium at ten A. M. for the graduating exercises. A class of fourteen pupils received their diplomas, same being presented to them by Hon. John W. Hoke in a very eloquent address. The campus exercises started promptly at one thirty P. M. First in order was the inspection of the Boys' Battalion by the members of the Commission, members of the Grand Army of the Republic and more than the usual number of men interested in military affairs including several Army Officers from the Camp at Gettysburg. The balance of the program followed, which included Indian Club swinging, Free Calisthenics and Dumb Bell exercises by both boys and girls, closing the afternoon exercises at five P. M. by Dress Parade. The entire school and visitors again assembled in the Auditorium at eight P. M. for the evening exercises. The program as arranged included music by the school, Girls' Choir, Pupils' Orchestra, Solos, Duets, and Declamations, closing at ten thirty P. M. by everyone joining in the Star Spangled Banner, thus closing for the school another successful vear.

The Band and Orchestra have been giving a good account of themselves during the year, furnishing music for all the drills and entertainments, and on many occasions furnished music for patriotic demonstrations in the cities and towns in this section of the country.

For detailed reports of the Educational, Military and Commercial Department, I would respectfully refer you to the reports of W. C. Bambrick, Assistant Superintendent and Principal. Pupils have been assigned to the industries the same as for the past several years.

In closing this report, permit me to call your attention to the increased cost of all material and supplies, including labor, required for the proper maintenance of the school. This condition is getting worse each day, and I find it impossible to keep the school going with the same expenditure of money as in the past.

Thanking the Commission for their many courtesies and advice during the year, I am,

Very respectfully,

WILLIAM H. STEWART,

Superintendent.

Mr. W. H. Stewart, Supt.

Dear Sir: I herewith submit the twenty-third annual report of the Educational, Military, and Commercial Departments. The pupils returned promptly from the 1917 vacation and entered upon the years work with earnestness. Mr. J. Zell Brabson, who had successfully taught the higher grades during the year 1916-17 resigned to enter the army service. Miss Daisy Grimes for many years teacher of the Grammar School grades took up his work and produced very satisfactory results.. Mr. Robert D. Maclay a graduate of the Cumberland Valley State Normal School was employed to fill the vacancy caused by the loss of Mr. Brabson. Both teachers and pupils seemed to feel the inspiration of a general speeding up and much excellent work has resulted from the active spirit of war times. In the midst of the years work an epidemic of measles along with other contagion threatened to nullify the progress of all classes, but industry and patience on the part of both teachers and pupils made the year one of advancement and profit. The Curtin Literary Society continues to be a factor in giving a wider training to members of the advanced grades. Many pupils display an aptitude for research and study of important questions that would do credit to those of maturer years.

Evening worship has been a part of each days program. Sabbath school work adapted to each particular grade was continued without interruption during the year. Rev. W. A. Dickson preached in the school auditorium on each alternate sabbath.

On Sunday June 23rd, Rev. J. Howard Ake, pastor of the Methodist Episcopal Church of Chambersburg, preached a highly interesting and instructive baccalaureate sermon.

On June 25th a class of ten boys and four girls was graduated. Hon, John W. Hoke delivered a most entertaining, instructive and scholarly address.

It is gratifying to learn that almost every member of the graduating class secured lucrative employment within one week after leaving school.

COMMERCIAL DEPARTMENT.

Owing to the fact that no instructor could be secured, no new classes were started in this department. Sherman Cross the most advanced pupil was placed in charge of classes already organized and they did good work under his instruction.

On April 20th Mr. Cross became the regular instructor of the department and finished up a creditable years work.

MILITARY AND PHYSICAL CULTURE DEPARTMENT.

The incentive of training camps over the country has added interest to all drills and the value of this department grows more apparent each day. There is no longer any doubt of the necessity of drills for both sexes and our girls' classes are living examples of the success of this training system.

Major Johnson, who has for more than a decade rendered valuable service in the training and development of the boys' battalion, enters the U. S. service and Virgil Sweet, one of the boys trained in the S. O. I. S. is entering upon his work here.

We take pride in the fact that over 160 recent graduates of the school are now in the country's service. Many of them are winning rapid promotions and all are serving loyally. At least two have been cited for exceptional bravery by the French Government.

Up to July 1st we have knowledge of three of our girl graduates in the U. S. service, Emma Kerby and Anna Hoover as Red Cross nurses and Mrs. Harriet Hoadley McDermott as youman in the Naval Reserves Radio Service.

Outdoor sports are encouraged and directed. Good results in contentment, health and efficiency are apparent.

Of all our pupils, who have applied for Military service we have no record of a single one being rejected as physically unfit.

I feel that all the children under the care of the S. O. School Commission have made satisfactory' progress toward productive citizenship, thus fulfilling the fundamental purpose of the institution.

In closing I wish to thank you, our honorable commission and all loyal co-workers for courtesies and assistance, I am

Respectfully yours,

W. C. BAMBRICK. July 11, 1918. Mr. W. H. Stewart,

Supt. S. O. I. S., Scotland, Pa.

Dear Sir: I have the honor to herewith submit the annual report of the Medical Department for the year just ended.

During the winter months we had the usual number of cases of la-Grippe and tonsillitis, but all were mild and made good recoveries. During the past year we had an unusual number of contagious diseases as follows:

Measles,	125
Scarlet fever,	12
Chicken pox,	35
Pneumonia,	
Diphtheria,	1
Small pox,	2

Am glad to state all made good recoveries with one exception, Ruth Fox, who died on February 23, 1918, following an operation with abscess of the lung, a complication of Pneumonia.

All the children and employes were vaccinated, and those that did not take successfully were re-vaccinated.

The school was under strict quarantine for eighteen days during our epidemic of Small Pox, and extra nurses were secured to help during this period.

Several cases of fracture of forearm occurred during the year, but all recovered in the usual time, with no complications. Also had a number of sprains and minor ills and injuries during the past year.

At present there is only one patient in the hospital under treatment for fracture of the forearm.

In closing my report, I wish to thank you and associates for the hearty co-operation and assistance rendered.

JOSEPH P. MACLAY.
